

## Donnell Suggests Tax Hike

Propose Either Increasing Existing Taxes Or Adding New Forms

JEFFERSON CITY, Jan. 21.—(AP)—Gov. Forrest C. Donnell suggested the thrift-planned legislature boost taxes as the No. 1 means of paying for the record-large \$270,539,520 state budget which he delivered to the general assembly \$9,000,000 out of balance.

Donnell appeared personally to make his recommendation of overall state government expenses \$50,000,000 heavier than two years ago.

Among his listeners were the 17 senate Democrats who this week united their voting strength to block any attempted tax increases. Also present were the legislative leaders of his own party who have called for an economy session.

The governor said it would take \$13,000,000 in new tax money to bring the general revenue fund up to nearly \$83,000,000 he budgeted.

He did not specify what taxes should be raised or created, although he once considered recommending a one-cent boost in the two-cent sales tax. Here is his tax statement:

### His Suggestions

"Provide more state revenue by either increasing one or more of the existing forms of taxes or adding additional forms of taxation to the present taxes."

As alternatives to raising taxes Donnell repeated his earlier suggestions for balancing the budget by:

1. Cutting the school fund from one third to one fourth of all general revenue.

2. Decreasing the statutory functions of state departments, thus making them less costly.

4. Cut appropriation recommendations down to the level of income.

He virtually turned thumbs down on the latter suggestion—even though it is the most likely course of the legislature—by saying appropriation requests as recommended are necessary "in making provision for the performance of functions provided or required by the present Missouri statutes."

### For More Employees

The war and war-inspired payroll hikes for state departments accounted for much of the increase in Donnell's budget. He recommended more employees for the state auditor to handle tax collections and urged bigger salary appropriations for the health department, prisons, state hospitals and other departments.

"The magnitude of the impact (Please Turn to Page 4, Column 1)

## Denies Taking Company Funds

JOPLIN, Mo., Jan. 21.—(AP)—Paul C. Vance, Springfield, Mo., charged with embezzlement of \$29,243.85 from the Triangle Wine and Liquor company of St. Louis, testified today in his own defense he paid the company "every cent of money" he collected for the wholesale concern and that he did not misappropriate any funds.

Vance explained in detail the method which he said he was authorized by the company to use in selling liquor and collecting for it.

He testified he was permitted to allow discounts, and that he did allow them, collecting not what the company invoice called for but an amount less by reason of deduction of discounts.

State testimony was that Vance was short on his account with the company, representing collections made in Jasper county over a period of approximately a year.

## Bill To Abolish Commission

JEFFERSON CITY, Jan. 21.—(AP)—A new attempt to abolish Missouri's six-year-old Conservation Commission was launched in the house today by three Republican representatives.

A constitutional amendment to repeal the 1936 act creating the commission in charge of all wildlife activities in the state was introduced by Reps. Otto J. Smith of McDonald county, Charles Farrar of Dallas county and Fred Spearman of Miller county. Spearman unsuccessfully sponsored a similar repeal measure in 1941.

The repealer would be subject to a vote at the general election next year. An attempt to repeal the conservation amendment in the 1940 general election was defeated.

## Comments By Legislators On Message

JEFFERSON CITY, Jan. 21.—(P)—Following are legislative comments on Gov. Forrest C. Donnell's \$270,500,000 unbalanced budget, submitted to the general assembly today.

Republicans: C. P. Junge of Benton county, house appropriations chairman: "We're still going to attempt to balance the budget without raising taxes."

Sen. George H. Miller of Sedalia, Republican floor leader: "After all, it is our (legislative) responsibility to balance the budget and we should accept it."

Randall Kitt of Livingston county, the house majority leader: "No comment."

Democrats: Roy Hamlin of Marion county, house minority leader: "The governor's message is a masterful effort to place more and additional taxes and burdens on an already-burdened citizenship."

Sen. Paul Jones of Kennett, senate appropriations chairman: "I have no comment except that we stand by our caucus statement of yesterday (pledging the Democrats to oppose tax increases)."

The members sat in silence through the long budget message. A light round of applause greeted its conclusion at noon.

## Minority Asks For Budget Of Miss Cobb

Snub Governor's Record-Breaking State Budget

JEFFERSON CITY, Mo., Jan. 21.—(P)—House minority Democrats snubbed Gov. Forrest C. Donnell's record-breaking state budget two hours after he submitted it today and asked the house to obtain "a balanced budget" from Margaret Cobb, Donnell's resigned budget director.

Donnell turned in a \$270,500,000 budget today—more than \$9,000,000 out of balance—and suggested new taxes as one means of balancing it.

Rep. C. P. Turley (D) Carter county, introduced a resolution calling attention to the fact the Donnell budget is "many millions of dollars in excess of the anticipated revenue" and recommending that:

### Call On Miss Cobb

"The assistant budget director, Miss Margaret Cobb, be requested to forthwith prepare and deliver to this house a balanced budget for the consideration of the members thereof and to appear personally before the house in the house chamber and explain the same to the membership."

The resolution was laid over for printing without debate. If adopted it would be the first time the legislature had gone beyond the governor's office to get a base budget.

Miss Cobb resigned, effective at the close of this month, because of what she termed her inability to work economies in a state government controlled by politics.

## Charge Of Conspiracy

JEFFERSON CITY, Mo., Jan. 21.—(P)—The Cole county prosecutor said today he would dismiss larceny charges against a St. Louis newspaperman and two others—accused of trying to steal an old capitol cannon for scrap—and would charge them instead with conspiracy.

The defendants—Ralph Coghlan, editor of the St. Louis Post-Dispatch editorial page, Sidney W. Stearns and Ross W. Riley—originally were accused of grand larceny, although the cannon never was disturbed.

Stearns and Riley drove here from St. Louis the night of December 10 intending to haul away the old cannon and donate it to scrap. They said they were inspired by a Coghlan editorial chiding Gov. Forrest C. Donnell for his refusal to relinquish the old gun because the state had no formal title to it.

The grand larceny charge was filed the next day after the Post-Dispatch said the Stearns-Riley expedition was "financed personally" by Coghlan.

"I believe there is a lack of proof of larceny," said Curtis J. Quimby, the Cole county prosecutor. "But I do believe we can establish conspiracy to commit a crime and I intend to file a new complaint on that basis."

Grand larceny carries a prison sentence upon conviction. Conspiracy is a misdemeanor providing a maximum punishment of a \$1,000 fine and a year in jail.

## Coal Strike Ends, Miners Back On Jobs

Men Back To Work Before Deadline Set By President

WILKES-BARRE, Pa., Jan. 21.—(P)—A three-weeks old wildcat strike in the Pennsylvania anthracite fields—the nation's costliest in man hours lost since Pearl Harbor—apparently ended today a few hours before a back-to-work deadline set by President Roosevelt.

Enthusiastic miners by the thousands trooped back to their jobs in all major strike-closed collieries in what one strike leader described as "a courtesy to the president" rather than an acceptance of defeat.

Of the 24,000 who once participated in the revolt against United Mine Workers' leadership, barely 3,000 were known still to be idle as the crowds of workers rode down colliery shafts to their pits, many for the first time since December 30.

Two of the four small UMW locals still out announced meetings for later today and many members believed back-to-work votes would result.

Only one of the four was committed to "wait out" Mr. Roosevelt's zero hour sometime this afternoon, when, he had said, the "necessary steps" would be taken if necessary to "end this strike which is doing serious damage to the war effort."

### Troops Were Expected

Strikers and others took the president's warning to mean that troops would be sent to take over any collieries still striking at the end of the 48-hour grace he allowed when his order was telegraphed shortly after noon Tuesday.

"There is nothing to gain by staying out," said Hugh Cavanaugh, president of the South Wilkes-Barre colliery local of Glen Alden Coal company, the world's largest anthracite producer.

"We do not want to embarrass the president," he added. "But we will continue to fight against the 50-cents a month union dues increase and also for an increase in wages."

The dues issue started the wave of walkouts December 30. Demands for a \$2-a-day cost-of-living bonus followed.

It was evident before starting whistles sounded at 6 a. m. (CWT) today that the back of the strike had been broken.

### No Disorder

Strikers returned to the South (Please turn to page 4 column 3)

## Kiwanis Club Anniversary

Sedalia Kiwanis observed the 28th anniversary of the founding of Kiwanis International at its meeting in Bothwell hotel Thursday noon.

On the speaker's table was a 12-inch Birthday cake in yellow and gold, a gift of President H. U. Campbell on the occasion of the birthday anniversary of his son-in-law, Lieut. Bert O. Hathaway, Navy Air Corps, Corpus Christi, Texas. Each member received a slice.

The anniversary music was in charge of Burney Morris with Rosalee Marshall, accompanist.

In the absence of Program Chairman Leon H. Archias, Jr., the Rev. O. J. Rumpf, presided. He read the Anniversary Message from International President Fred G. McAlister.

T. H. Yount reported on bond sales and outlined a proposed future program in which Kiwanians will participate.

The anniversary program speaker was George H. Scruton, past president, who reviewed the origination and early days of Kiwanis in Detroit, Mich., in 1914 and 1915, from actual records compiled recently, many of which refute a good many recollections hitherto handed down. The speaker told how the first organization weathered many stormy days to finally establish itself into an international organization because of the loyalty and faith of its first leaders.

### Bothwell Hospital Notes

Charles Bennett, 1210 East Eleventh street, admitted for medical treatment.

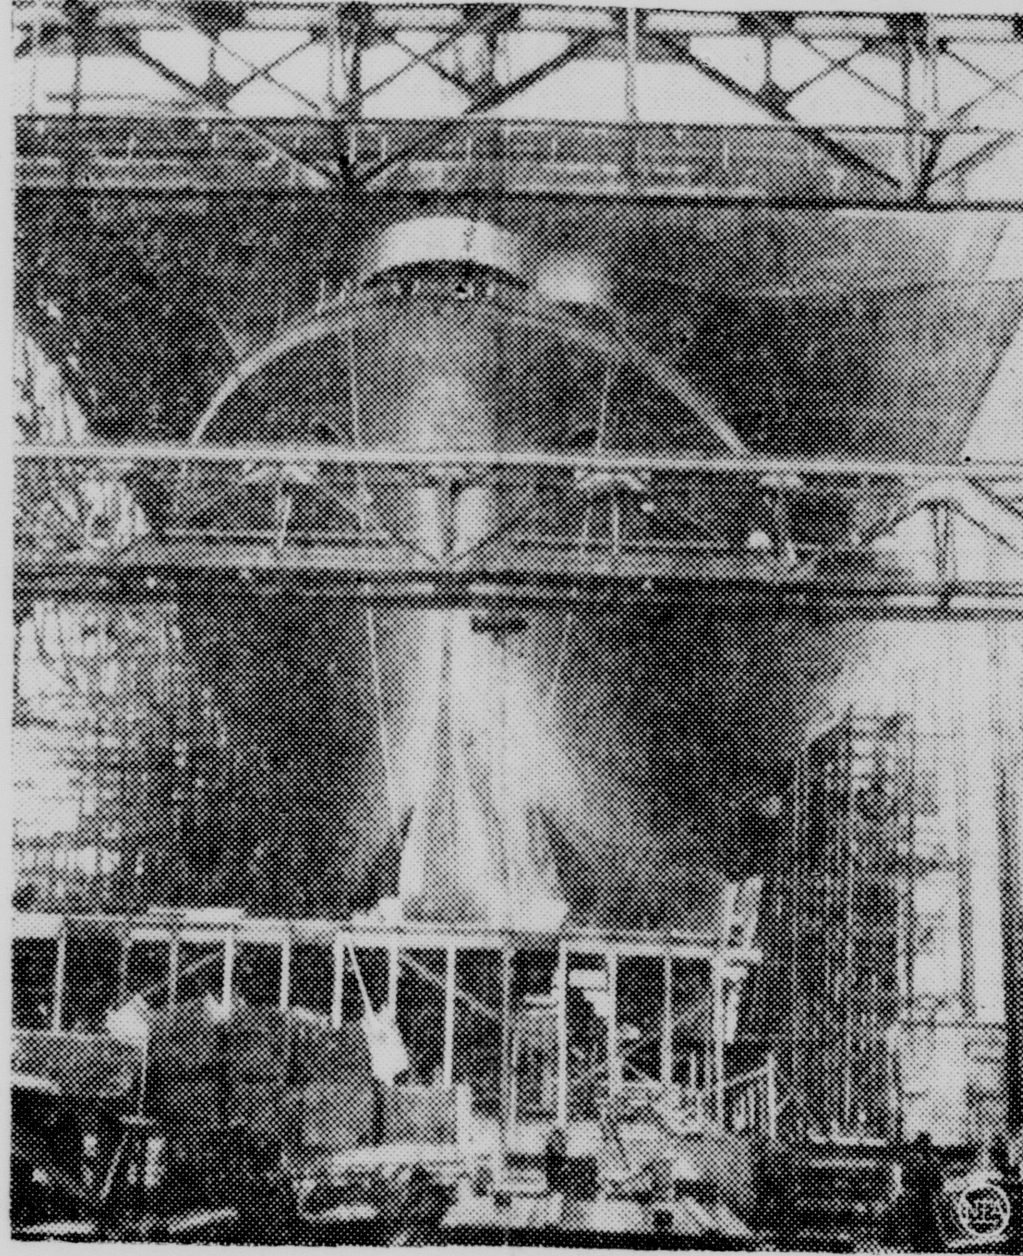

Miss Nina Turner, 1210 East Eleventh street, dismissed.

Mrs. G. D. Potter, 2115 East Broadway; Mrs. Wilson Harbit, 1608 South Montclair; Mrs. Marion Sibert and infant daughter, Knob Noster; Mrs. Earl Gregory and baby son, Houstonia have been dismissed.

### O. D. T. Representative Is Here For Two Days

J. C. Highberger, with the ODT, Kansas City division, is in Sedalia today and is at the YMCA basement. He will be there from 8 a. m. to 12 noon and 1 p. m. to 5:30 p. m. Friday, and until 5:30 o'clock this afternoon.

## New Yorktown Ready For Action

Poised on the ways at Newport News, Va., the aircraft carrier Yorktown, successor to the carrier of the same name lost in the Battle of Midway, awaits launching. The new carrier will be christened by Mrs. Franklin D. Roosevelt, who performed the same task for the old Yorktown. Photo passed by censors. (NEA Telephoto).

## Opening Jap Parliament Postponed, Tojo Has A Cold

By Glenn Babb

The Japanese parliament was to have convened today to hear Premier General Tojo and his colleagues outline the government's policies. Usually this day—on which the two houses resume business after the long new year recess—is the most important of the annual session.

The ministerial declarations correspond roughly to the American President's annual message to congress on the state of the nation; this is the one occasion each year when the ministers make a more or less clean breast of things to the country.

But the Tokyo radio says Tojo has a cold and therefore the reopening has been postponed to next Wednesday. This is highly unusual, although Tojo, who is war minister as well as premier, is a more important man than most of his predecessors, it does not seem that his cold is sufficient explanation of a six-day postponement of an important parliamentary session.

The situation, against the background furnished by recent Tokyo broadcasts, suggests strongly that there is a crisis of some kind on that hilltop in the heart of Tokyo parliament, general staff offices and the war ministry are grouped. Perhaps the recent announcement that the government has drafted bills to give the premier new and unprecedented powers holds the explanation.

One bill would give him sweeping authority over "expansion of war production"; another would make him supreme in the cabinet, with the right to direct the action.

## Postmistress At Tipton Dies

Miss Dora H. Weber, who has been Postmistress at Tipton for the past six years, died this morning at 3:45 o'clock following a stroke suffered Wednesday evening at about 5 o'clock.

Miss Weber is the daughter of the late Mr. and Mrs. Peter J. Weber of Tipton and spent her entire life there. She has been Postmistress since April 1936 and her father before her was Postmaster.

Surviving are two brothers: Godfrey Weber, of Jefferson City, and Wendell Weber, of Kansas City; and three sisters: Miss Margaret Weber of the home, Mrs. Martin Vogel, Wright, Kas., and Mrs. Charles Sullivan, Kansas City. Her mother preceded her in death only three months.

## Design Engineer Predicts Plastic Flying Machines After The War

BALTIMORE, Jan. 21.—(P)—Can you imagine backing your plastic helicopter out of the garage some Sunday morning, taking your family for a spin above the countryside, and then, on your way home, stopping at a "road-side" stand to eat hot dogs?

It sounds like a pipedream, especially now, when the old family jalopy stays in the garage most of the time.

However, William A. Safka, design engineer on plastics of the Glenn L. Martin Aircraft company and instructor at the Plastics Industries' Technical Institute, predicts "someday a plastic helicopter will be in every garage."

After the war of course.

### A Family Plane

Here's his idea of the "family plane" of the post-war era:

## Father Of 15 Joins Navy

OMAHA, Jan. 21.—(P)—Pro-nounced "100 per cent fit" by the navy enlistment board here, Verne D. Case, 45, father of 15 children, today was on his way to Navy Pier, Chicago, to prepare for shore police work which he sought "to free a younger man for combat service."

The former St. Edward, Neb., police chief, who has three sons in the armed services and a fourth awaiting a call from the navy, said his wife and ten of the children will remain in St. Edward where "they will be provided for." Two married daughters live in Omaha.

"Everybody in the family is doing their part," Case said. "They said I could go and I want to help get it over."

## British And French Armies After Rommel

Hardpressed Germans Probably Within 35 Miles Of Tripoli

By The Associated Press

LONDON, Jan. 21.—The British Eighth Army, with a Fighting French desert column on its left flank, pushed Marshal Rommel's hard-pressed rear guard down the coastward slope from Nefusa Ridge to probably within 35 miles of Tripoli today in a continuing advance past the hill village of Tarhuna and the coastal road town of Homs.

The occupation of the towns, one 40 miles southeast and the other 56 miles east of Tripoli, yesterday was announced in today's Cairo communique which said Gen. Sir Bernard L. Montgomery's forces rushed on "in close contact with the enemy retreating to the west."

Under steadily mounting aerial assault, the axis withdrawal showed signs of disorganization, but informed sources said there was no authoritative indication that bomb-battered Tripoli was being evacuated.

The occupation of the port by the British was regarded, however, as simply a matter of time, perhaps a few days. The Eighth Army's main objective now is the stiffer task of preventing the bulk of Marshal Rommel's remaining army from joining the forces of Col. Gen. Jurgen Von Arnim in Tunisia.

Rommel's rear guards have retreated into a semicircular fringe of hills east and southeast of Tripoli. Informed London sources said they saw no route by which General Montgomery could swing swiftly to the left to intercept the forward columns streaming westward out of Tripoli toward the Tunisian frontier, 100 miles away.

Complete identification of the passengers has not been established, and their home addresses have not been learned but their names were:

Major Eric M. Knight, pleasant Valley, Pa., well-known author.

William Hodson, New York, attached to the State Department.

P. E. Foxworth, Federal Bureau of Investigation.

H. D. Haberfeld, also of the FBI.

James W. Seeger.

Captain Albert L. Seeman.

O. E. Henryson, State Department.

Dr. S. S. Dorrance, flight surgeon.

First Lieut. Charles W. Campbell.

Second Lieut. Robert B. Walker.

Second Lieut. John P. Gilrine.

Second Lieut. Thomas L. Gallagher.

Staff Sergeant Russell A. Baughman.

Staff Sergeant Robert M. Stoflet.

Second Lieut. Call A. Matteo. Flight Officer Charles S. Shive. (Please turn to page 4 column 3)

## Huge Pipeline Completed

LITTLE ROCK, Ark., Jan. 21.—(P)—At 4 a. m. workmen lowered to the bed of the Mississippi river the final link in the first section of the world's largest oil pipeline. General Manager B. E. Hull of War Emergency Pipelines announced today.

The operation completed the 24-inch line from Longview, Texas to Norris City, Ill., which was authorized in June with work starting the first week in August.

Hull said oil already was being pumped into the line and that the head of the column would reach Norris City between February 1 and 4. Loading of tank cars at Norris City will not start until about February 10, however, for the oil first will be fed from Illinois into the pipeline network of the Ohio Oil company, Hull declared.

The line, constructed to help supply the eastern states, has a capacity of more than 300,000 barrels of crude oil daily. Full capacity will not be used for about two months, Hull declared.

The size of an automobile, the helicopter will be able to park in any space an automobile can back into.

## Russians Continue Drive To Isolate Axis Caucasus Army

The War News

### Streamlined

ALLIED HEADQUARTERS IN AUSTRALIA, Jan. 21.—(P)—Lieut. Robert F. Miller of Rolla, Mo., and Cpl. James C. Underwood of Humansville, Mo., were among U. S. airmen credited today with having participated in bomber versus Jap Zero battles in which at least four enemy planes were destroyed.

WASHINGTON, Jan. 21.—(P)—The navy announced today the bombing of a Japanese destroyer off Bougainville island in the Solomons and the shooting down of eight enemy planes in the Shortland island area.

MADRID, Jan. 21.—(P)—A Rome dispatch published today by the Madrid newspaper ABC said that under a new decree all Italian women from 14 to 60 and all men from 14 to 70 are to be mobilized for labor service.

LONDON, Jan. 21.—(P)—The Italian high command communique recorded here today declared the Axis had taken 1,500 allied prisoners in Tunisia.

The high command said these had been rounded up in the last three days, along with booty which included 20 guns. "Thirty motor vehicles were destroyed," it declared.

ALLIED HEADQUARTERS IN NORTH AFRICA, Jan. 21.—(P)—An allied communique announced today Axis tanks and infantrymen made another small advance yesterday in the French-held mountains southwest of Pont Du Fahs and a spokesman disclosed the vanguards had reached a point about two miles from Robaa, itself 27 miles from Pont Du Fahs and 60 miles southwest of Tunis.

LONDON, Jan. 21.—(P)—Reuters quoted a Moscow radio broadcast today as saying German casualties on the Soviet Russian front in the past six weeks totaled 750,000 men, including 250,000 dead.

CAIRO, Jan. 21.—(P)—The British eighth army captured Homs and Tarhuna yesterday, closing in steadily on Tripoli, while allied planes battered defenses around the capital and big American bombers raided the city again by daylight, it was announced today.

Give Marines Chance To Rest

WASHINGTON, Jan. 21.—(P)—Undersecretary of War Robert Patterson disclosed today army ground troops have replaced the marines in the Solomons and are commanded by Major General Alexander Patch, who has moved his headquarters from New Caledonia to Guadalcanal.

"The Marines who fought so long and so well in the Solomons are now getting a chance to rest," Patterson said at a press conference.

Patch, who commanded the army troops which landed in New Caledonia last year, relieved Major Alexander A. Vandegrift of the marines not quite a month ago, Patterson said.

The army troops and Patch are under the general command of Major General Millard F. Harmon, who commands all army troops in the South Pacific, but the operations in that entire area still are under the command of Admiral William F. Halsey, Patterson said.

The American position in the Solomons has improved further during the last week, Patterson said, but the Japanese are expected to make new efforts to reinforce their troops on Guadalcanal.

Move Into Center

Byelokurakina is about 50 miles inside the Ukrainian border. South of that area, the special communique said, Red army troops also moved into Byelokurakina, a district center 45 miles above Voroshilovgrad.

(A Soviet communique broadcast from Moscow about midnight and recorded by the Soviet monitor in London, said the Russian forces also occupied the four big populated places of Danilovka, Gorodishche, Bolshaya Ghermogovka and Mityakinskaya, and the railway station of Chebotovka.

(The latter two places are little more than 20 miles east of Voroshilovgrad and apparently were taken by forces which moved down the railroad from Millerovo to the northwest.

(The pincer's action threatened against Voroshilovgrad now offered a picture to London military observers of a Russian army

(Please Turn to Page 4, Column 2)

Barrage Balloon Exploded, One Killed

SAN FRANCISCO, Jan. 21.—(P)—A barrage balloon, torn from its moorings, exploded in a war housing project at a San Francisco Bay area point today, demolishing several residences, and injuring several persons. One man was reported killed.

The balloon settled down between two of the lightly constructed houses hastily erected to provide homes for war workers, burst with a loud report and shattered the two dwellings nearest and some others close by. Fourteen in all were damaged.

The houses were not occupied at the time, residents having been evacuated earlier. Those injured were said to have been patrolling the area.

## The Weather

MISSOURI: Warmer today and tonight. Winds 30 miles per hour west and central portions this afternoon.

Temperature: 7 a. m. 28 degrees; 3 p. m. 45 degrees.

Lake of the Ozarks: 2.9 feet below full reservoir.

Sunrise 8:31 a. m. Sunset 6:20 p. m.

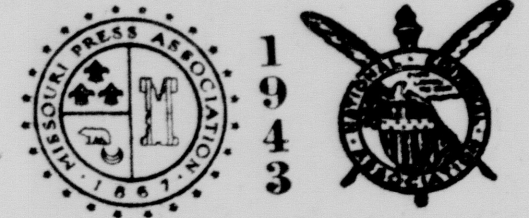

Full moon January 21, last quarter moon January 29.

**The Daily  
Washington  
Merry-Go-Round**

By DREW PEARSON  
(Major Robert S. Allen on active duty)

WASHINGTON — Lend-Lease Administrator Ed Stettinius is headed for a stormy reception when he testifies before the House Appropriations committee on the new \$11,000,000,000 budget for lend-lease aid to our allies.

The hearing will be behind closed doors, and Republican committeemen were preparing to fire some hot questions about alleged irregularities in lend-lease operations, including a charge that we purchased several merchant ships from Canada which were later given to the British.

Chairman Emory S. Land of the Maritime Commission has admitted this at a closed-door meeting of the House Merchant Marine committee. Another charge to be fired at Stettinius is that we sent scarce farm implements to Britain while our own farmers were minus.

The meeting, however, will not be a one-way session. For the lend-lease boss has a surprise of his own in store for the committee. He plans to present details on "reciprocal" lend-lease—namely services we are getting from the British.

**The Other Side**

The American public has heard little about this phase, but we have received considerable free aid from the British, including ships, ship repairs, barrage balloons for our coastal cities, anti-aircraft guns and several large naval bases in the war zone, completely built, equipped and paid for by the British.

The British also have turned over to our forces in England, without cost, a huge air depot and an adjacent airfield with an operating personnel of 5,000 workers paid by the British government.

In addition, Great Britain has built several large cantonments, storage buildings and other facilities for our troops—all without cost to Uncle Sam.

NOTE: The president once compared lend-lease to supplying a hose to put out a fire in your neighbor's house. If the fire is extinguished, but the hose is destroyed, it is still a good investment because you prevent your own home from burning down.

**Officials Save Gas**

Some few Washington bigwigs are careless about gasoline rationing, but they are exceptions. Most Washington officialdom is scrupulously careful.

The chief justice of the United States, for instance, is riding a truck. Chief Justice Stone has discharged his private car as a means of getting to and from the Supreme Court, and instead hitch-hikes in the delivery truck which runs errands for the court.

In addition, Stone is one of the walking members of the court. The White House uses 11 cars now, against 15 a year ago, and these include trucks for the White House mail, as well as cars for the president and staff. White House Secretary Marvin McIntyre now rides to work in a Ford instead of a Packard.

Vice-President Henry Wallace last fall abandoned his 16-cylinder limousine in favor of a humble five-passenger sedan. Every morning he walks the five miles from the Wardman Park hotel to the capitol, and rides home in the evening.

Speaker Sam Rayburn uses his official car sparingly. He often walks from his apartment on DuPont Circle to Seventh street, where he takes a street car to the capitol.

Senator Thomas of Oklahoma gets to work on foot or by bus. The other day a capitol clerk gave

**Side Glances**

"Mother bought an expensive coat today—she pretends Dad's pretty well tamed, but I notice she's fixing fricasseed chicken, his favorite dish!"

him a lift from a bus stop on Sixteenth street.

Approximately twenty congressional cars are jammed up in the Senate garage, to be used as long as gas and tires are short.

Milo Perkins, chief of the Board of Economic Warfare, shuns the use of his official car in driving from home to office. Instead, he has joined a car pool with six other BEW members who live in the same section.

NOTE: Taking a bus to work is no novelty for Arkansas Senator Hattie Caraway, who has been doing it for years.

**Arab Unrest Against U. S.**

Although the French political situation in North Africa has made the headlines, the Arab situation is almost worse. Cables say flatly that unless the Arabs get food and clothing, there will be trouble.

German broadcasts are responsible for the unrest. Before the invasion, the German radio told the Arabs that food and clothing shortages were the result of the British blockade.

After the invasion, the German radio declared that "the invading (U.S.) forces are feasting upon the countryside like a horde of locusts."

But discounting the propaganda, there are severe shortages of three articles indispensable to the Arabs—tea, sugar, and cotton cloth. To the Arabs, who place great faith in ritual, the severest blow is lack of cotton cloth for shrouds for the dead.

And since the Arabs greatly admire the strong, they fail to understand why the "great United States" is unable to supply their simple wants.

**Tanks And Clothing**

For relief cases, food and clothing are already being shipped. But it is a terrific problem, extending to the population of 17,000,000 Arabs in the three states—Morocco, Algeria, and Tunisia. Most Arabs have money to buy provisions—but there are no provisions.

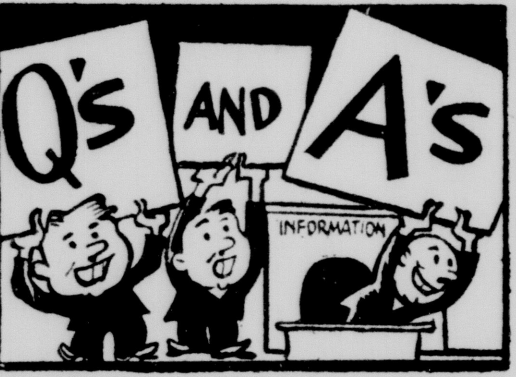

In fact, the native workmen employed by the U. S. Army are asking payment in food and clothing. Money is of no use.

Both Gen. Eisenhower and State Department's Robert Murphy agree that supplies must be rushed. They have even gone so far as to suggest that supply ships could fill in the corners among tanks, guns and munitions with food and clothing.

Eisenhower estimates that 40,000 tons of clothing a month could be shipped in this way, without adding a ship to the convoys.

But when the ships arrive, he

has another problem for the port facilities are overtaxed, and even after a ship has passed through sub-infested waters, it may have to lie in port for days before it can get to a dock.

Q—Who led the money winners and retained the Vardon trophy as top golfer of 1942?

A—Ben Hogan won the Vardon trophy for the third straight year, and led the money winners with a total of \$13,143.

Q—What kind of stoves are being rationed by OPA?

A—New coal and oil-fired heaters are being rationed.

Q—How can white rayon fabrics be kept really white?

A—By washing in softened or soft water, and making sure that all soap is rinsed from the fabric.

Q—What is a "Dead Man's Hand" in poker?

A—A hand containing two aces and two eights. It is the hand Wild Bill Hickok is supposed to have been holding when he was shot.

**Looking Backward  
Forty Years Ago**

At last night's meeting of Sedalia Camp No. 16, Woodmen of the World there were five applications for membership and the following gentlemen were initiated: Officer Howard Wood, of the police force; Jacob Dirck, the plumber; W. F. Boland, the plumber; and Monroe Paxton, employed at Gallie's lumber yard.

Dan L. Brereton returned Wednesday from a two weeks' visit at Lawton, Faxon and other points in Oklahoma territory, and expresses himself as much pleased with that country. They have been plowing all winter, he says, and stock of all kinds is in fine condition.

Prof. Thomas P. Bailey, Jr., of the university extension department of Chicago university, will deliver a free lecture on Shakespeare at the high school Friday afternoon at 3:30 o'clock.

By Mrs. Anne Cabot  
Unbleached string, household twine, crocheted cotton will make this 18-inch folding bag. Carry it in your purse, pick your "rations" and leave the grocery with the whole load in this strong bag! Two ten-cent store bracelets are used as handles. Make a couple of them to hang in the kitchen—there will be no excuse for not carrying parcels home! Make them for your church bazaar, for gifts.

To obtain complete crocheting directions for the String Marketing Bag (Pattern No. 5499):

Send 10 cents in COIN, YOUR NAME and ADDRESS and the PATTERN NUMBER to Anne Cabot, Sedalia Democrat-Capitol (330 South Wells, Chicago, Ill.)

Ill. Enclose 1 cent postage for each pattern ordered. Use above address only, just as it is printed. Do not send pattern mail to Sedalia, Missouri.

**Speedy Advances Of The Reds  
Cause Berlin Apprehension**

By KIRKE L. SIMPSON

With Russian forces reported almost as close to Kharkov in the upper Don region as they are to Rostov on the lower Don approaches, apprehension is rising in Berlin. This anxiety is reflected by Nazi military and other commentators whose words are recorded by British and American listening posts.

However misleading the German war bulletins from Russia continue to be, it cannot be doubted that an attempt is being made on the home front to prepare the German public for worse news than it heard last winter. Russian armies which Hitler boastfully told his people had been smashed beyond recovery are now being described to German listeners as bigger, better armed, better led

and will also explain the university idea.

The saddle raffled at 202 West Main street November 15, 1902, is awaiting a claimant, because the name of the person who threw the highest number at dice is not known. It is claimed by the 26th by No. 28, the two next highest men will throw off.

and more aggressive than ever.

Just what this conflict between Nazi military and civil authority means to the state of German morale is unfathomable at this distance. It marks so sharp an about-face in German propaganda technique, however, that it might be an important clue to what is actually going on behind the Nazi lines.

The theme of the broadcast from Berlin and other German cities is that Germans must again tighten their belts, increase their war effort, match the courage and suffering of the armies in Russia and hang on to the bitter end.

Here and there hints creep in that greater axis retreats in Russia than marked the dark hours of last winter may be necessary. There is little effort either by these home-front propagandists or by German prisoners interviewed by American news writers in Russia to conceal another costly Hitler underestimate of Russian morale and fighting resources.

In the upper Don theater, below the Voronezh bulge, a new and critical threat to the whole southern end of the German battle line appears to be developing. The Russian offensive there seems to

**'I Am a Murderer'**

By Morris Markey

**Big Putsch**

have caught the foe napping.

The Nazi high command obviously did not expect a heavy blow there; it left defense of that critical front largely to secondary allied troops. German divisions on the now broken line below Voronezh must have been withdrawn southward to bolster the narrowing Rostov defense arc.

Whether Kharkov, great Ukrainian steel center, is the Russian objective is not yet clear. Its recapture would be of tremendous tactical, strategic and psychological value to the Russians, no doubt.

There are even greater possibilities, however, in a sustained Russian push southwestward to Kupyansk and beyond to cross the Donets, bypass Kharkov and strike across country toward the Dnieper river crossings.

Italian press reports depict the Russian drive below the Voronezh hinge as a major offensive by itself, not merely a northward extension of the Don-Caucasus battle front. If it is aimed not at Kharkov but at severing the network of railroads in the Donets valley and between the Donets and the lower Dnieper, it would justify that appraisal. Success could close a vast Russian trap on the foe than any yet developed or threatened.

**Hopes Of More  
'Gas' And Oil**

New OPA, Head  
Predicts A Slow  
Rise In Prices

WASHINGTON, Jan. 21.—(P)—Smiling Prentiss M. Brown took over price control and rationing administration from Leon Henderson Wednesday, and immediately held out some hope for more liberal gasoline ration this summer, better fuel oil supply for next winter, and more sympathetic regulation all around.

The new OPA chief predicted price rises would be slow and "well ordered," at the same time commenting "I don't believe we can hold prices at a flat level."

An hour after he took the oath of office, Brown went before a press conference to plead for understanding from the public.

Brown made no promises, saying he wanted a couple of weeks to study his task, but at every step he indicated hope for relaxation of restrictions and comment.

"The keynote of rationing and price control will not be imposition, but protection of the public. I think the President put me here for the purpose of making plain to the people why we do the things we do here."

**More Foods Under Ration**

The former Michigan senator took the OPA helm shortly after Food Administrator Wickard had expanded the number of foods that OPA can ration if necessary. The new foods include evaporated and condensed milk, canned fish and shellfish, jams, jellies, preserves, pickles, relishes and canned products containing meat.

Brown said he didn't want to criticize anybody, but when a reporter asked about the fairness of a tentative rule that would permit people who eat in restaurants to escape food rationing, he commented:

"I'm puzzled about that too. It's a real loophole. I'm going to look into that."

The 53-year-old administrator took the oath of office from Justice William O. Douglas, with Mrs. Brown and small son, Paul, looking on.

The new OPA head prepared for his new job by a leisurely trip through small Michigan towns where, usually without being recognized, he talked to shopkeepers, and also by a two-day conference with Henderson.

Brown said he was amazed to find the storekeepers didn't have nearly so many complaints as the newspapers had led him to believe, but he acknowledged there might be a few too many forms to fill out.

Did he think price levels could be kept where they are? Brown recalled previous occasions on which he had said that he believed that "a slow, orderly advance of one half per cent per month was the best that could be expected." He noted that food prices now are 39 percent higher than they were before the war started in Europe, and he thought that a big improvement over the first World War when similar prices rose to 210 percent of what they were before the war.

He failed to answer a question on whether he thought wages would be permitted a similar rise of one half per cent per month.

## Checkmen In Stations Have Troubles

One Person Left Suitcase Full Of Liver Sausage

BY HENRY B. JAMESON

ST. LOUIS, Jan. 21—(AP)—Travelers nowadays are losing things so fast the checkmen in the lost and found department at Union station are about to lose their minds.

Just the other day somebody in a hurry to catch a train left a suitcase full of liver sausage on their hands. What a place! What a collection of stuff! Looks like grandma's attic.

Some of the items left behind by wartime travelers include a guitar, a pair of button shoes, overshoes, cans of fruit, bow and arrow set, dozens of photographs, fruit cakes, skin lotion, box lunches, dozens of eye glasses, suitcases, portable radios and enough hats to stock a store. One man even left his pants—extra ones, we presume.

"Guess it must be the war; folks just run around like chickens with their heads off, leaving belongings right and left," is the way Boss Checker L. J. Meyer sums it up.

Soldiers at Jefferson Barracks were astonished when they saw this order on the bulletin board: "All persons shooting buffaloes on the drill ground will refrain from aiming in the general direction of the officers' quarters."

The notice was posted by a soldier who discovered it among relics of the post's early days.

An old depositor of the Liberty Citizens bank, who received a check for one cent, sent it to a friend in another town with this note attached: "Am ashamed to cash this here. You take it and have yourself a big time."

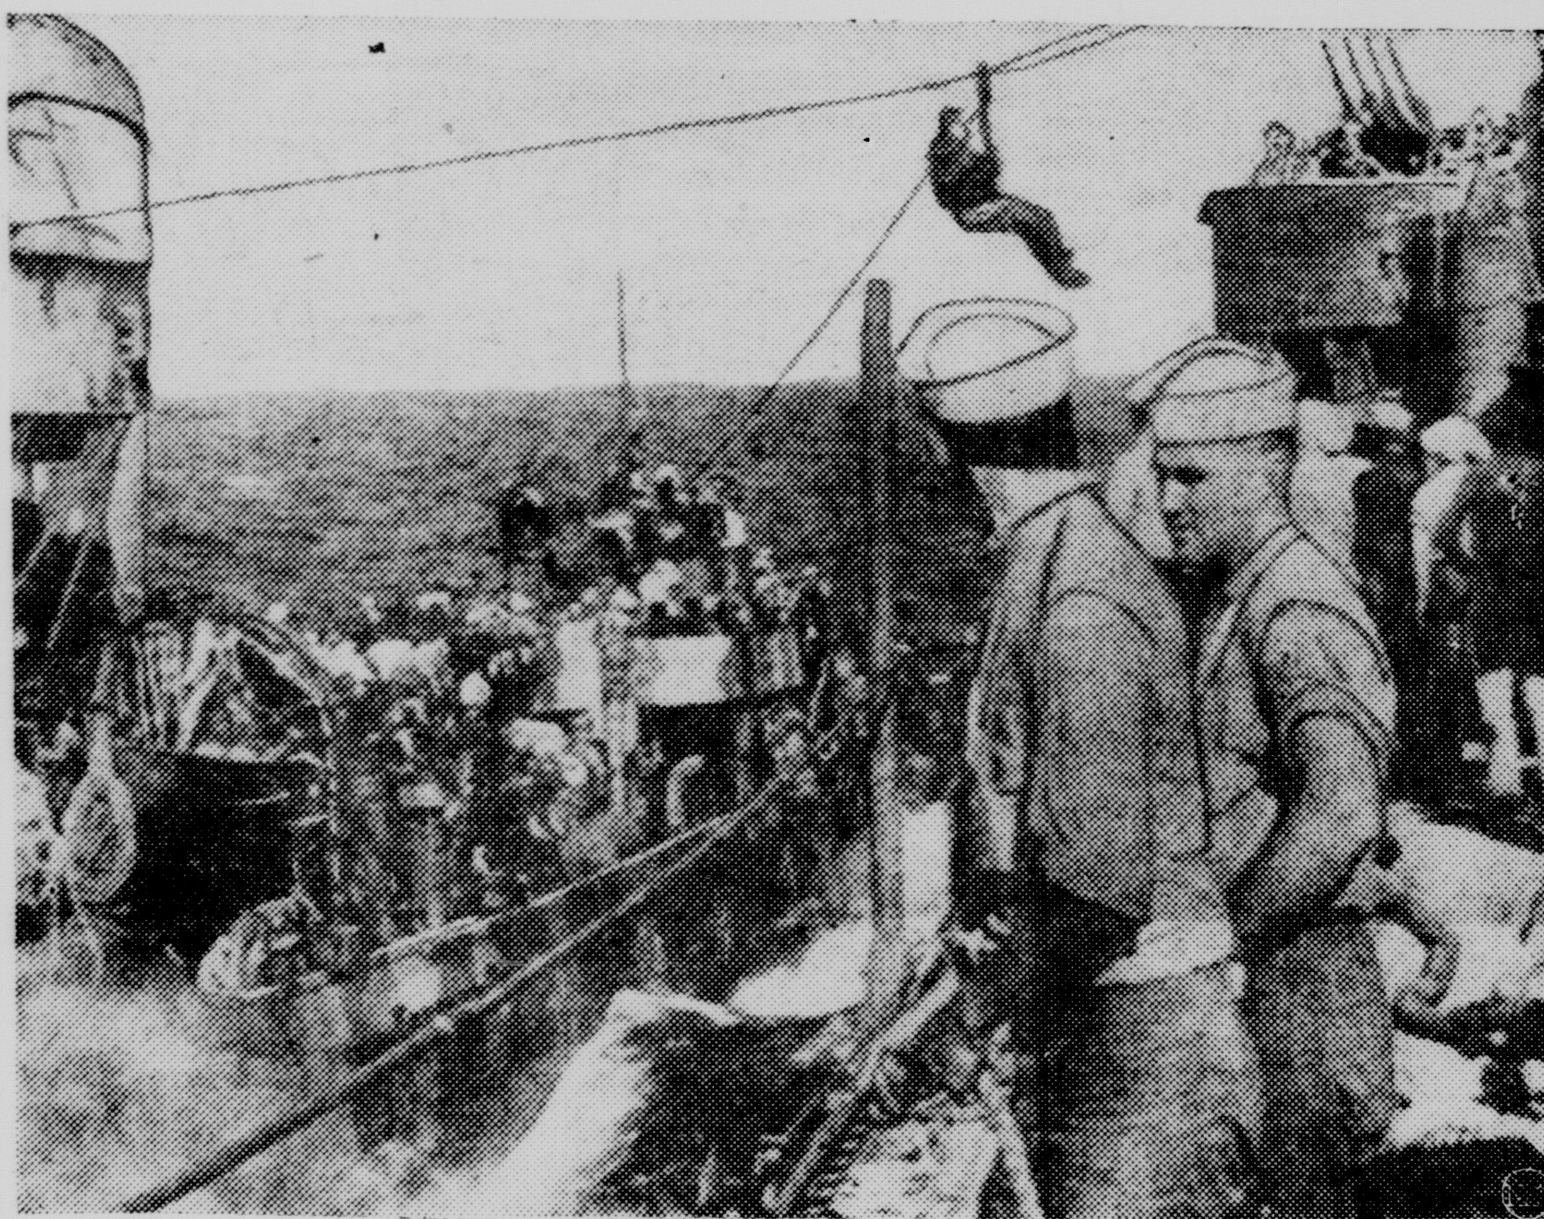

The idea of the week comes from the King City News: "How about beating the can opener into a bread knife?"

Oscar Crandell, a Brookfield merchant, is very unhappy because so many women have gotten in the habit of wearing their husbands' overcoats — or similar styles. It causes too much confusion, he gripes. The other morning he stopped in at Joe's lunch room for a cup of coffee. Later he grabbed what he thought was his coat and dashed off to work. Presently a lady stormed into his store shouting, "Say you, give me back my overcoat. I see you take it." Crandell looked in amazement at the woman. Sure enough, she had on his overcoat.

Mike Konomos of Kansas City lost 14 gallons of gas to a thief. Next day he received nine "A" coupons—good for 36 gallons—through the mail from absent minded persons who had read of his hard luck. The tickets arrived in three letters, none signed. Befuddled, Mike turned them over

## NO ASPIRIN

A member of the crew of the ill-fated U. S. Navy aircraft carrier Hornet is transferred from the stricken carrier to a destroyer for medical attention after being wounded in battle against Jap dive bombers and torpedo planes. He is being transferred through use of breeches buoy. (Official Newsreel Photo From NEA Telephoto).

to the rationing board, which said all it could give him was sympathy as the coupons had to be issued in his name. He took the street car home, feeling patriotic, at least.

Ramblings: Anyone looking for a novel sort of pet see Superintendent of Parks Oscar Krocke at Springfield. He has four full grown lions to give away. They eat too much. . . Paris high school students are buying a jeep through purchase of war bonds. . . Horse and mule auctions throughout Missouri are attracting increasingly large crowds. . . There is some talk of turning several of the magnificent fraternity houses on the University of Missouri campus into barracks. . . Seed dealers are experiencing an unprecedented early demand for seeds for victory gardens. You may have to raise it or else. . . With so many republicans elected last November Rep. Gladys Stewart of Douglas county no longer needs her black scottie dog around for company. It shared her desk on the chamber floor the last two sessions. . . "Penalty for bulging hip"—Headline in the K. C. Star. Had you wondering, until we read it was just a bottle of hooch in a man's pocket.

Opening Japanese Parliament Postponed, Tojo Has A Cold

(Continued From Page One)

tions of his colleagues or assume the functions of any of them if the need arises. Hitherto the premier's position has been that of the first minister among equals. The proposed change means a vital alteration in constitutional law, and since the constitution is regarded as the emperor's gift to his people its amendment is not to be undertaken lightly. Tojo must want that additional authority badly.

Wants To Be Dictator

On the surface it would appear that Tojo, who has come up from obscurity within the last five years, was trying to make himself a dictator on the Mussolini pattern. But such a simple explanation does not fit the Japanese way. Distrust of individual dictatorship is deep rooted in the Japanese political mind.

Tojo holds his present position of great power not as an individual but as the member of the ruling military caste whose assignment happens to be command of the home front. His post is to be considered more or less coordinate with those of Admiral Yamamoto, who commands in the war at sea; General Terauchi, who commands the armies in the conquered southern areas; or General Umezu, chief of the Kwantung army in Manchuko. The big decisions are reached by still more senior generals and admirals who control imperial headquarters, the supreme war council and the general staffs.

More Power Sought

What is sought now is more power for the army's representative in the government, not for Tojo the individual, to wipe out the possibility that any minister could hamper the army's plans. Where such opposition might come from is not clear; it had been supposed that the current cabinet, composed of five generals or admirals, including Tojo, and eight undistinguished civilians, was completely subservient to military direction. However, some one must have balked.

The chief emphasis obviously is on war production, an emphasis that becomes almost frenzied as the realization grips the militarists that Japan is tremendously overmatched in this phase and that American industry is producing miracles.

There seems to be a ruthless campaign to bring Japan's entire economy under military control. Japanese capital and industry, still largely in the hands of men with some foreign experience and a world outlook far more realistic than that of the army's modern Samurai, has not gone along with the economic mobilization program with 100 per cent enthusiasm.

ism. This may be the source of the opposition that Tojo is trying to stamp out.

## Baritone Soloist, String Ensemble Pleases Audience

An evening of entertaining string and vocal music was enjoyed by the members of the Helen G. Steele Music club and their guests on Wednesday. Mrs. John M. Rodeman was chairman of the program, which opened at 8 p. m.

Burney Morris, popular baritone, was the guest soloist of the evening, and an ensemble of twelve Sedalia artists furnished the string music, with commentaries by Mrs. Henry C. Salveter. In spite of inclement weather conditions a large crowd attended.

"The Pilgrim Song" by Tschalkovsky and "Eri tu che macchiavi" from Verdi's opera, "The Masked Ball" were Mr. Morris' first selections. His mellow voice seemed especially suited to the difficult aria, which demands flexibility and complete tone control. Mr. Morris' smooth, effortless performance brought appreciative applause from the audience.

His second group included "The Sea" by MacDowell; "The Silent Noon" by Williams; "When the King Went Forth to War" by Koennan; and "The Lord's Prayer" by Malott. These numbers were also very well received and it seemed to this reviewer that Mr. Morris enjoyed singing the songs equally as much as his audience enjoyed hearing them.

Highlighting the program were two violin duets played by Prof. W. B. Bert and his daughter, Miss Florence Hert. "Serenade" by Titi, originally written as a duet for the flute and French horn, was arranged for two violins by Prof. Hert. Their second selection was "Coquette" by Barthelemy. The two numbers are direct opposites in composition, the first a lilting melody and the second a sprightly theme, both made especially enjoyable by the masterful playing of both Prof. Hert and Miss Hert.

The string ensemble, always a popular group with club audiences, played "Tambourin" by Rameau; "Deep River" arranged by Coleridge-Taylor; "Highland Dance" by Zamecnik; "Rendezvous" by Aletter and "Hungary" a fantasy on Hungarian melodies. Members of the ensemble were: Prof. W. B. Hert, Abe Rosenthal, Percy Metcalf; Misses Florence Hert, Betty Jo Watts, Edith Morgan, Muriel Bronson, and Geraldine Teufel; Mesdames Ralph M. Carrel, Austin Hurley, and John M. Rodeman. Mrs. E. Raymond Peterson accompanied both the ensemble and the singer.

A surprise feature of the eve-

ning was the presentation of two violin pupils of Mrs. Rodeman, both recent junior contest winners. They are Sarah and Patricia Morrow of Green Ridge. Sarah played "Rondino on a Theme" by Kreisler and "The Raindrop" by Ellis Levy; Patricia played the "Son of the Puszta" by Keler Bela.

The program closed with the "Star Spangled Banner" sung by the audience and accompanied by the entire ensemble.

Edward Flynn as he appeared before the Senate Foreign Relations Committee during the hearing into his qualifications as Minister to Australia. (NEA Telephoto).

## Mobilize To Supply Food To The Nation

Contribution To War Effort On Two Fronts

WASHINGTON, Jan. 21—(AP)—With a goal far surpassing that of World War I, a new army of soldiers of the soil is mobilizing to tend the victory gardens of this war and so to supplement the nation's food supply.

In 1917-18, some 5,285,000 war gardens yielded an estimated 528,285,000 pounds of vegetables.

For 1943, the Agriculture Department has set a goal of at least 18,000,000 victory gardens, with 12,000,000 on city, town and suburban plots, and 6,000,000 on farms.

Discounting reports of a seed shortage, Secretary Wickard urged every town, city and suburban family with a sufficient plot of open, sunny and fertile ground to plant a victory garden. He recommended special attention be given to green and leafy vegetables, yellow vegetables and tomatoes.

Wickard also urged farm families to produce and preserve as much as possible of their entire year's food needs, particularly of vegetables, fruits and meats.

Increase In Vegetables

Department seed reports show the production of vegetable seeds in 1942 was 26 per cent greater than in 1941. Increases were largest in the cases of Kohlrabi, Chinese cabbage, broccoli, Swiss chard, garden beets, cauliflower, celery, carrots, and pole lima beans. Largest decreases were shown for okra, eggplant, and lettuce.

George C. Edler, department seed authority, said reduced supplies also appeared in onions, beets, carrots, cabbage, and some field crops.

As in the first World War, most victory gardeners will be clerks, mechanics, shopkeepers, housewives, Boy Scouts and Girl Scouts, and other amateurs who don't mind a few callouses.

H. W. Hochbaum, chairman of the department's committee on victory gardens, said:

"Home food production will contribute to the war effort both on the fighting front and the home front."

## Abuse Shelters During The Day

LONDON, Jan. 21—(AP)—A number of Londoners were unable to get into air raid shelters at the height of yesterday's daylight air raid because the shelters were kept locked to prevent "scandalous misuse," it was revealed in Commons today.

Sir William Henry Davison asked Herbert Morrison, minister of home security, whether he was aware that "in yesterday's raids a considerable number of people who ran to the shelters for safety were unable to get shelter by reason of the fact they were locked."

Said Morrison: "The shelters were kept locked owing to scandalous misuse and damage by citizens."

He added that the health ministry was in a dilemma about locking the shelters. The wardens, he said, had keys to those locked but it was a great problem to get shelters open when there was little time between sirens and bombs.

"Bombs were dropped at a few places," it said. "Only slight damage was done and there were no reports of any casualties."

Incendiary bombs were dropped in the southeast section of the greater London area during one alert but the Germans never penetrated beyond the outskirts.

Many May Have To Borrow Money

KANSAS CITY, Jan. 21—(AP)—Millions of citizens will be compelled to appeal for loans to make income tax payments March 15 if a pay-as-you-go tax plan is not adopted, Senator Bennett C. Clark told a group of Kansas City businessmen.

Senator Clark, here with a special senate committee investigating the mid-west fuel problem, said Americans were willing to make sacrifices and expected to have to pay, but "they are entitled to a saving on non-military expenditures and also to a scientific tax structure."

A pay-as-you-go plan would do more than any one thing to put the nation on a sound basis, he said.

BPWC Party At Palmer Home Tonight

The members of the Business and Professional Women's club will be guests this evening at the home of Miss Hazel Palmer, 901 South Vermont avenue, at the regular monthly social meeting of the club which will start at 8 o'clock.

Assisting hostesses will be: Mrs. Ruth Riley, Miss Bettye Field, Mrs. Marie Spendiff, Miss Grace Carter, Miss Ella Hurt, Miss Horstense Neighbors, and Miss Marlene Tremmel.

Bunco will be the diversion of the evening.

Miss Kirkpatrick Better

Miss Celeste Kirkpatrick, 1207 South Barrett avenue, who has been ill at her home all week is better but still unable to be out.

Democrat-Capital Class ads get results, 10 words, 1 week, 80c. Phone 1000.

## Lidice Scene A War Memorial

LOUISIANA, Mo., Jan. 21—(AP)—A painting representing the Nazi destruction of the village of Lidice, Czechoslovakia, has been placed at the gates of the Missouri Ordnance Works here to serve as a memorial to the war efforts of plant employees.

The war poster, eight by twelve feet, was unveiled last night. L. W. Fischer, general foreman of the steamfitters, made the presentation on behalf of units of the American Federation of Labor, and Capt. J. B. Fraser, commanding officer at the plant, accepted for the War Department.

"Lidice," by Florence Sprague Smith, Louisiana artist, shows a line of women and children, their village in flames behind them, trudging over barren hills to a concentration camp. A shrouded figure towers over the others and views his handiwork with head and hands resting on the hilt of a blood-stained sword.

## Missourians In Casualty List

WASHINGTON, Jan. 21—(AP)—The navy announced today 72 casualties, including 14 men killed, 15 wounded and 42 missing.

The new list brings to a total of 21,453 navy, marine and coast guard casualties since December 7, 1941.

Today's list included: Missouri — Adkerson, Horace Alford, seaman, second class, U. S. naval reserve, Missing. Mother, Mrs. Susie Adkerson, Senath, Bell, Paul Joseph, Jr., seaman, second class, U. S. naval reserve, Missing. Parents, Mr. and Mrs. Paul Joseph Bell, Sr., Kansas City; Burri, Wilfred Adolph, aviation pilot, first class, U. S. navy. Dead, Parents, Mr. and Mrs. Adolph L. Burrie, Savannah.

**BIO-MINERAL FOR BETTER HEALTH!**  
RHEUMATISM, Arthritis is a painful disease. It causes  
agony and misery. The cause, in general, is acid condition in  
the blood. The source of the cause often is mineral de-  
ficiency in the foods we eat. What is the remedy? For  
thousands of years, people regarded MINERALS as the best  
remedy for Rheumatism, Arthritis, Neuralgia, as well as  
diseases of the Stomach, Bladder and Kidneys. From ancient  
Greece, Egypt, Rome, China and India, down to the present  
day, year after year, people rush to the MINERAL SPRINGS  
for cure or relief.  
THE BEST doctors, the most intelligent people, million-  
aires and laymen, kings and princes, when attacked by  
Rheumatism, Gall Stones, Stomach, Kidney or Bladder  
trouble, prefer to go to the Mineral Springs. In America  
we have the wonder Mineral Springs in Georgia, where our  
President goes. In France the Louvre and Aix Le Bains, and  
in Greece the very famous Springs of Thronion, where,  
according to the legend, Hercules, the God of Strength and  
Youth, drank and bathed to rejuvenate; to be forever young.

**THE MIRACULOUS AID OF MINERALS**  
THE IMPORTANCE of Minerals for the good of our health  
is so widely recognized today that Doctors, Hospitals, San-  
atoriums, Naturalists and Specialists, and the Government,  
urge the use of them. The warning nations bolster the health  
of their armed forces with minerals. Bakers enrich their flour  
with minerals and advertise it. In the press, in schools, in  
colleges, in churches, on the radio, everywhere, the cry is:  
MINERALS! . . . MINERALS!  
BIO-MINERAL is a Natural Mineral compound and con-  
tains the very same mineral ingredients of the world's best  
Mineral Springs. It comes from the depths of the earth—  
Nature's laboratory. Bottled as it comes from the ground,  
is the nearest thing to going to the Mineral Springs. One  
bottle may do wonders. Contains NO alcohol—NO harmful  
drugs—NO opiates—NO preservatives—NO oil. NOT A  
SINGLE habit-forming ingredient. ONLY Natural, Life-Giv-  
ing Minerals, highly concentrated in solution in pure water.

# The Central Missouri Farmer

## Big Job Ahead In Food Production On Farms In 1943

Early Start In Making Ready For Poultry Raising Highly Important

There is now little doubt that the manpower on Pettis county farms will be expected to do the biggest food production job in 1943 that has ever been accomplished. To do this means that every lick must be made to count and this in part will depend upon when it is delivered. The time when certain things are done is of real importance in the case of poultry raising, because chick brooding comes at a time when other farm work is pressing. Consequently, County Agent, J. U. Morris, suggests that preparations for brooding be done now, so that everything will be in shape when chick brooding time arrives and needed time will not be taken from some other activity.

### Time To Prepare Brooder Houses

January is really a good time to prepare for chick brooding because many details can be handled that would cause losses if left undone in the later rush of work. Morris suggests that the brooder house be cleaned, disinfected, and checked for needed repairs. After cleaning it can be moved, if necessary, to a location close to the house, so that fewer steps need be taken in caring for the young chicks.

A day's time—possibly at odd times—can be most profitably spent in building a range shelter for use as a sunporch in connection with the brooder house. This provides added floor space for the chicks, permits confinement brooding to the eighth week, and helps insure sanitary growing conditions and good chick livability.

Chicks need roosts early in life and when they are provided at the end of the third week better growth and feathering are obtained and less heat is needed in the house. These roosting frames can be built now and placed in readiness, so this will not be a "time out" job later in the year.

The brooder unit can be checked, too. The wafer in the thermometer should be placed in warm (not boiling) water, to see if it responds to changes in temperature. If it is defective a new one should be ordered immediately. Since the cost is small, it's well to have an extra wafer in reserve.

### Starting Feeders

An inventory of feeding and watering equipment can also be made. Each 100 chicks require 2 starting feeders 3 feet in length for the first two weeks, and 3 deeper or growing size feeders after this time. These can be made at home or the new wartime plastic board feeders purchased and placed in readiness. Large size chick water fountains, at the rate of one 3-gallon unit per 100 chicks, should be on hand. New wartime glass fountains are available and these need to be secured at an early date.

Range feeders are a "must" piece of equipment in 1943. These feeders are easily and cheaply built. They save hours of labor in caring for growing pullets. Two and preferably three for each 100-125 pullets are suggested. Plans for feeders, roosts, and the range shelter can be obtained by writing or calling at the County Extension office.

## Start For Week On Mobilization

The Hillview 4-H club has started on their way to National 4-H Mobilization Week by getting organized and scheduling their first actual study meeting for February 6 which is the first day of National 4-H Mobilization Week. The leader of this club is Miss Freda Hale. The members are Cleo Breckenridge, Geraldine Crago, Jean Mullineax, Ruth Ann Parkhurst, and Neoma Stewart. They expect to have two more members to add to their enrollment soon.

These members are carrying a home furnishing project with the thought in mind that they will not only be able to help make their homes more liveable during the war time, but that they will be better prepared to make better homes at the end of the war. Miss Hale says, "I think it will in the long run be just as beneficial to the girls and in turn to

## More Farmers To File Income Tax Returns

Method Is Given On Determining Gross Profits

Farmers, which include livestock raisers, fruit and truck growers, poultry raisers, and operators of plantations and ranches, are liable for federal income tax, provided their income is sufficient to require the filing of returns. Primarily, due to the reduction in the credit for personal exemption, many farmers will be liable for returns and to the tax for the first time for the year 1942.

Farmers may maintain their records and file their returns of income on either the cash receipts and disbursements basis or on the accrual basis of accounting. A consistent method must, however, be employed. If a cash basis is used, Form 1040F, "Schedule of Farm Income and Expenses," is required to be filled out and filed in conjunction with Form 1040. Use of Form 1040F is optional in the case of farmers who report income on the accrual basis. A farmer who reports income on the cash receipts and disbursements basis (in which no inventories to determine profits are used) must include in gross income for the taxable year (1) the amount of cash or the value of merchandise or other property received during the taxable year from the sale of livestock or produce which was raised, regardless of when raised; (2) the profits from the sale of any livestock or other items which were purchased; and (3) gross income from all other sources.

### Determining Gross Profits

Under the accrual basis in which inventories are used to determine the profits, farmers' gross profits are ascertained by adding to the inventory value of livestock and produce on hand at the end of the year the amount received from the sale of livestock and produce, the miscellaneous receipts of income during the year, and deducting from this sum the inventory value of livestock and produce on hand at the beginning of the year and the cost of livestock and produce purchased during the year. All livestock, whether purchased or raised, must be included in inventory at their proper valuation. Livestock acquired for draft, breeding, or dairy purposes and not for sale, may be included in the inventory instead of being treated as capital assets subject to depreciation, provided such practice is consistently followed.

If farm produce is exchanged for merchandise, groceries, or the like, the market value of the articles received in exchange is to be included in gross income. The value of farm products which are produced by a farmer and consumed by his family does not constitute taxable income. Rents received in crop shares are to be returned as income as of the year in which the crop shares are reduced to money or the equivalent of money. Proceeds of insurance, such as hail and fire insurance on growing crops, are required to be included in gross income.

their country as other projects stressed for the war effort.

The leader has sent to the County Extension Office a complete plan for the club program during the year including the topic for discussion at each meeting. This schedule includes a meeting each two weeks during the month of February, a meeting once a month during March and April, twice in May, once in June, and once in July. By following this plan, Miss Hale says, "I hope to have the majority of the work done by the end of June, however, picnics and general get-together meetings may be held after June. As a supplementary activity the girls have chosen to study etiquette. Their interest in this was based on the fact that they are all teen age girls who are especially interested in learning the most they can about good manners."

Democrat Capital Class Ads get in the long run be just as beneficial to the girls and in turn to

## Processing Foods More Important

Rationing To Emphasize The Greater Necessity

Recent developments indicate that feeding the farm family will be even more important during 1943 and the years immediately following than it has been during the past.

The proposed rationing of commercially canned fruits and vegetables not only makes home production and processing more important, but will strongly emphasize the necessity of such production and processing on the farms and in the homes.

The critical shortage of agricultural labor will affect all agricultural enterprises. The commercial production of vegetables and, particularly, some kinds of fruits, will surely be affected as much or more than other food products. In other words, the supply of commercially produced fruits and vegetables even for home processing will be limited.

The present difficulties of transportation and distribution are not expected to improve during the war progress. No one who can possibly produce the food their family requires can patriotically demand a share of the limited commercial production or the transportation it requires.

### Home Supplies

The present proposed rationing of canned fruits and vegetables not only limits the commercial supply available to the family, but indicates that home processed fruits and vegetables will not be included in the rationed supply. Families who produce and process, even a portion of their needs will not only be assured of a better family supply that will always be available at the time needed, but will, to the extent they fully supply their needs, render a great patriotic and humanitarian service to the balance of the civilian population, the armed forces and the people in the allied and occupied countries.

An immediate supply of many home produced fruits is frequently impossible since most fruits require from two to five or more years for the newly planted plants to reach a satisfactory producing age. Many farm families must necessarily start with new plantings. Those who started in 1942 are better equipped to do the job than those who are planning to start in 1943. Those that plant in 1943 will be better prepared than those who again delay such plantings. New plantings should be an important part of every family program but new plantings can be immediately supplemented by other means that will insure more immediate results. It is suggested that the farm and suburban family check their 1943 and 1944 probable supply of fruits against the itemized suggestions listed below, bearing in mind that increased limitations on commercial supplies can be expected.

1. What fruits are now growing on the farm that if given some care and attention may give some fruit for fresh use and processing?
2. What wild fruits are available in the neighborhood that can be used as fresh fruits and processed?
3. What fruits not included in (1) and (2) that are fairly well adapted to the farm can be planted in 1943 for production in future years?
4. What fruits included in (1) and (2) can be improved in quantity and quality by means of replacement plantings and additional plantings made in 1943?
5. What fruits are produced by local or near-by commercial fruit growers that the family can secure in season, either individually or in cooperation with neighbors?
6. What fruits are most likely to appear on the markets in such quantities and at such prices that the family can afford to purchase them in quantities for processing?
7. Will the fruits that can be secured from all of the above sources provide the quantity necessary for good nutrition and the variety desired to make meals interesting and variable? The general standard is to provide two servings of fruit per day. This will mean about 3½ pounds per week or 175 pounds per year per person. The yearly supply should include fresh fruits, canned fruits, dried fruits and stored fruits.

Each farm family that makes full use of all the available present supplies and supplements these supplies with new plantings for future use will be better assured of family meals that include a good supply of fresh and processed

## Missouri USDA War Board Question Box

- Q. When will farmers begin signing up for the 1943 food production job?
- A. Triple-A community committeemen will start the week of January 25 making individual farm contacts. Every farmer should be reached within the next month.
- Q. How will a farmer know what his food production goals are for the year?
- A. Farmers and committeemen will work out together the food, livestock and war crop goals for the farm.
- Q. Can a farmer be certain it will pay him to go all the way on production?
- A. Yes, price supports are guaranteed and the Triple-A is offering incentive payments to farmers who meet war crop goals. In addition, farmers who produce record amounts of food and fiber will be contributing to a vital war need.
- Q. Is there any way a farmer can secure assistance in meeting problems which face him?
- A. Yes, each farmer will fill out a work sheet showing his requirements for the production year ahead. He will list such problems as labor and machinery shortages. These will be marked "urgent" by community committeemen and turned over to the County War Board for action.
- Q. What is the Farm Plan work sheet?
- A. It is the individual farmer's war rating. The work sheet will be used as a guide by the Selective Service Board in determining essential farm workers. It will also help needed and will serve as a basis for allocating limited in supplying seasonal and year round workers where supplies of farm machinery and equipment.

sed fruits. Farm families can so prepare their food plans so that they will not be dependent on commercial supplies of fruits or adequate rationed supplies for the food necessary for proper health and nutrition.

### Community News From

## Stover

Mrs. J. F. Kraxberger  
Mrs. Albert Ripberger and family, of Boonville, spent several days here last week with relatives. Mr. Ripberger joined her here Sunday.

Mr. and Mrs. Charles Sturgeon left Sunday for Kansas City to reside. They recently sold their property to Mr. and Mrs. F. M. Robinson, and the Sturgeons made a public sale Friday of household goods.

Will Hinken, of near Green Ridge, was here several days last week visiting relatives and friends.

Relatives and friends of Homer F. Hagedorn honored him with a surprise birthday party January 13. Guests present were: Mr. and Mrs. H. F. Bauer, Mr. and Mrs. Bert Johnson, Mr. and Mrs. F. J. Kraxberger and sons, Mr. and Mrs. Edmund Bauer and son, Mrs. Ed H. Kipp, Mrs. Elroy Warnke, and Henry Kipp. Refreshments were served.

Dinner guests in the Fritz Kraxberger home Sunday were: Mr. and Mrs. Deo Warnke and daughter, Ruth Ann, and Henry Warnke.

John L. Heimsoth, of Kansas City, arrived home Sunday. He is expecting to enlist in the U. S. Marines, and has been employed in a defense plant in the city recently.

Mrs. Jim Todd, who has been here helping care for Mrs. Leonard Hampton and the new baby, was called home due to the misfortune of Mr. Todd, who fractured his arm.

Roy Winner is taking the place of Mr. Boehmer in the Farmers Bank here. Mrs. Gene Allee and Billie U. Reimenschneider are assisting during the absence of Leonard Ehlers.

Miss Edna Rugen returned Monday from Boonville, where she underwent an appendectomy ten days ago.

Pvt. Claude Cornett was called here due to the severe illness of his sixteen-month old baby. Cornett is stationed at Salina, Kas. George May, of the U. S. navy, is among the service men here to see homefolks. He is stationed in New Orleans.

Henry Hartman, brother of Luke Hartman, has been confined to his room for the past weeks. He is in Sedalia with his daughter, Mrs. Ernest Woolery.

Mr. and Mrs. Claude Elkins, Jr., are the parents of a baby girl born Friday, January 15. Mr. Elkins is in the U. S. army, stationed in Virginia.

Mrs. Lorin Heimsoth and son, Roger, left Friday for Kansas City, where they will reside. Mr. Heimsoth is employed there.

Rev. and Mrs. Walter Schroeder and family, of Lake Creek, were dinner guests in the John Heimsoth home Sunday.

Mr. and Mrs. H. F. Hagedorn had as guests at a turkey dinner Thursday evening Rev. and Mrs. H. A. Kolm and family, Mr. and Mrs. H. F. Bauer, and Mrs. Elizabeth Nolting.

Miss Lorna Koehring was a business visitor in Kansas City Friday.

Mr. and Mrs. Otto Fischer, of Alma, were visiting relatives here last week.

Misses Fernell and Maurine Kipp and Leah Holsten are now employed at the North American

## Change Made 4-H Production

Concerted Effort Is To Be Made On Vegetables

There has been a slight change in the 4-H club vegetable production project for 1943. Since youth is our big source of manpower, it is logical that a concentrated effort be put forth in interesting them in doing more producing and conservation of foods in 1943. Small towns and even cities will be confronted with the need for growing gardens. Boys and girls may assume some of this responsibility and 4-H clubs may assist those boys and girls in doing a more efficient job.

This year 4-H club members may enroll in one of three vegetable projects. One permits them to make a choice of producing one vegetable for home use. This may be two bushels of tomatoes for every member of the family; three bushels of potatoes for every member of the family; two bushels of sweet potatoes for each person in the family; 12 cabbage plants for each person; 15 lbs. of dried beans for each family member or peas, green, or green beans in quantities and in succession plantings as indicated on the Missouri vegetable calendar. In this same project they may choose to grow any two of the following vegetables: Beets, carrots, turnips, squash, or canteloupe.

### Commercial Growing

In the vegetable two production they may grow from one-tenth to one acre of the following vegetables for commercial production. Potatoes, sweet potatoes, cabbage, tomatoes, green beans, spinach, dried beans, sweet corn, and some special crop such as pop corn, melons, or squash. However, the special crop must have the approval of the county agent.

The third vegetable production project is one which will require more time on the part of the member since it is for the production of the family vegetable supply and must include at least 20 vegetables. Since this is the time to be planning gardens, the county extension agents are very eager that boys and girls who are interested in gardening as a 4-H club project let them know so that they may help them start on this work. They are also interested in having the applications of all boys and girls who desire seeds or plants from the fund established by the Pettis County Mattress Committee for the purpose of purchasing such seeds to be distributed to 4-H club members in the county.

bomber plant in Kansas City. They recently finished a course at one of the aeronautics schools.

Mrs. Elroy Warnke, accompanied by Mrs. F. A. Gerlt, were visitors in the W. R. Weipman home near Versailles Thursday afternoon.

"Butch" Wilkerson, of the U. S. army, was a guest of Miss Lorna Koehring several days this week.

Pvt. Emil E. Kraxberger, of Scott Field, Ill., was a visitor here Sunday. He and Miss Ionia Viebrock were dinner guests in the Albert Gerken home Sunday noon.

Miss Billie Vick Reimenschneider was hostess to a group of friends Thursday evening at the Mrs. Mollie Vickery home. Guests included: Misses Betty and Melba

## Good Feed To Lessen Losses Among Pigs

Sanitation Is Important In Pork Production

At the two hog meetings here Monday, Dr. A. W. Uren, Extension Veterinarian of the Missouri College of Agriculture emphasized good feed and management practices and a strict sanitation program in holding to a minimum pig losses and disease control.

If strong litters are to be farrowed, Dr. Uren emphasized that the brood sow must have ample exercise before farrowing, have excess to plenty of good water each day, and that the ration in addition to grain must have green feed, protein, and minerals. Green feed is very important in that it contains vitamin A. This green feed can be supplied through three sources—(1.) Pasture including good blue grass or small grain such as wheat, rye, or barley (2.) Good green leafy legume hay such as alfalfa, lespedeza, red clover, or soybeans (3.) If these feeds are not available, then the green feed should be supplied through feeding alfalfa leaf meal.

### Protein Feed

The protein feed should contain at least 25% animal protein. In addition to the animal protein, the protein feed should carry at least 35-40% protein and not more than 8% fiber. For the mature sow before farrowing ½-¾ lbs. of protein feed should be fed daily. The protein requirements for bred gilts are higher. They should receive ¾-1¼ lbs. of protein per head daily. Proteins can be supplied either through commercially prepared protein feeds or by mixing such protein feeds as soybean oil meal, tankage, meat scraps, and alfalfa leaf meal. Where pasture or good legume hay is available a mixture of 300 lbs. of soybean oil meal and 100 lbs. of tankage or meat scraps makes a good protein feed. If pasture or good green legume hay is not available, then 100 lbs. of alfalfa meal needs to be added to this mixture. Another combination of proteins is 100 lbs. of soybean oil meal, 100 lbs. of linseed oil meal, 100 lbs. of cottonseed meal, 100 lbs. of tankage or meat scraps, and 100 lbs. of alfalfa leaf meal.

The minerals most deficient are calcium and phosphorus. A simple mineral mixture that provides the needed minerals includes equal parts of salt, steam bone meal, and finely ground limestone. This should be kept in a trough or box in a dry place and let the hogs eat at will.

The bred sow or gilt should have about 6 lbs. of grain per head daily. The grain ration may consist of corn or a mixture of corn and oats equal parts, or a mixture of ground wheat and oats equal parts.

Swine sanitation is important in successful pork production. This means clean ground on which hogs have not run for 18-24 months, clean water, and clean farrowing pens. This kind of a sanitation program will help eliminate parasites such as round worms, mange, and lice.

## Changes Made In Crop Program

According to C. E. Ferguson, chairman of the Pettis County Triple-A Committee, the following changes have been made in the 1943 program.

(1.) The provision of special allotment crops is out. This eliminates the necessity for any substitutes of war crops.

(2.) Allotment restrictions on corn have been released regardless of the acreage of corn planted. A cooperating farmer may earn his full payment on his allotment provided he meets at least 90 per cent of his war crop goal.

(3.) Increased acreage of corn should be obtained on land normally devoted to other feed crops such as oats, wheat, soybeans, etc., and not on acreage commonly used for or needed for grasses and legumes.

(4.) War crops for which state and county goals will be established or have been established are soybeans for beans, flax, castor beans, dried beans, canning

Coit, Charmaine Wiest, Viola Fry, Shirley Ann Scrivner, Jimmie Scrivner, Cornelius Koester, Rolland Kolm, Melvin Alpers, Cletus Kraxberger, and Lester Fischer. Refreshments were served.

## Numerous Ways To Share Meat

"Have you discovered all of the 99 ways to share the meat?" "That may sound like a foolish question at butchering time when meat is so plentiful, but next summer and fall it will be more pertinent. The saving of some of the 'extra' from butchering by canning in various ways will help meet the meat situation. Instead of eating all the ribs and backbone now, how about cooking them until the meat can be picked off and canned with the broth for soup, stew, scalloped dishes, souffles, sandwiches, salad, and loaf.

The method recommended by the Bureau of Home Economics through Dorothy Bacon, home demonstration agent, is to pre-cook the bones until the meat can be picked off, then fill pint jars with the bits of meat, cover with the broth and process 50 minutes.

This method is not difficult and is an excellent way to help "Share-the-Meat."

## Soils And Crops Meet Feb. 11

Annual Event To Include Grain Show And Lunch

Plans are moving forward for holding the 19th Annual Pettis County Soils and Crops Conference. A joint committee composed of the agriculture committee of the Chamber of Commerce and the Soils and Crops Committee have made final arrangements for holding the entire conference and grain show in the First M. E. church, Fourth and Osage, Sedalia. This important conference will be February 11.

The ladies of the First M. E. church will serve the luncheon and the same procedure will be followed as last year in that each delegate and visitor in attendance will pay for his own lunch.

### Assistance By C. C.

The Chamber of Commerce is assisting in arranging for the conference and furnishing the ribbons for the seed show as has been done in former years. At this year's conference, methods which can be used to help meet the wartime demand for increased farm production in view of the limited supply of farm labor and machinery will be stressed. Increased production means using all the farm resources without waste says J. U. Morris, County Extension Agent.

Since increased production starts with the land, it is an appropriate subject to discuss at a soils and crops conference. Good land use and the efficient utilization of all available labor and machinery with a minimum of soil losses in producing the products needed in the war program are predominant at this time.

In a few days each delegate to the conference will receive their notices of appointment from the Soils and Crops Committee, of which Geo. R. Wilkerson is chairman, and Mr. E. C. Stevens is secretary.

tomatoes and peas, and potatoes in excess of three acres.

Also included in war crops are grasses and legumes. The designated crops of blue grass and clover include sweet clover, alfalfa, clover and timothy mixture, and lespedeza. Straight timothy or red top is not considered as a war crop. No county or state goal will be established for grasses or legumes. This will be on a farm basis only.

1942 fall seedlings of any of the designated grass or legume crops will be qualified as a war crop regardless of the use made of the crop. 1943 spring seedlings will also qualify as a part of the war crop goal.

## Awards On Scrapbooks Made Club

Ribbons Given At Meeting In Miss Bacon's Home

A pleasant surprise of awards for the scrapbook made for the Bundles for America Committee added to the interest in the Home Economics Extension Club Council meeting Friday at the home of Dorothy Bacon, Home Demonstration Agent.

Miss Bacon reported 14 books turned in by Home Economics clubs and urged the completion of one more by each club before outdoor work comes on. She presented ribbons in behalf of the Bundles for America Committee to the following clubs.

Fun-o-Graphs and Cartoons: 1st Bois D'Arc, 2nd Longwood, 3rd Van Natta.

Most Artistic: 2nd South Abell, Comic Strip: 1st Mrs. Daisy Oswald—Mrs. George Fichter of the Dresden Club, 2nd Smithton Friendly Homemakers, 3rd Smithton Homemakers.

Historical: 1st Eldorado Homemakers.

### Continue Scrapbooks

The council agreed to continue making scrapbooks and decided to send homemade cookies, cakes, and candy to the Sedalia Air Base on February 20. Each President will make plans with her own club to get the package to the Home Demonstration Agent's office by 5 p. m. on February 20. It was also decided that each club should make plans for the collection of all types of scrap such as silk and nylon hose, old or new feathers, waste fat, scrap metals, and rubber. In cases where some previous arrangement has not been made the clubs were encouraged to arrange for buying and selling of bonds and stamps.

The announcement of special arrangements for clubs interested in qualifying for Red Cross Nutrition Certificates was discussed. The extension club women were gratified to know that they have had sufficient nutrition work to meet the standard requirements with 5 hours study instead of 20 hours.

Mrs. B. C. Claycomb reported on the cooperative projects of the Farm Bureau Home and Community Committee and the Home Economics Clubs.

Attention was also called to these clubs cooperating with the County Health Nurse and Red Cross activities other than the Nutrition Course.

Special mention was made of the past year's Secretary book from the Bois D'Arc Club and it was shown as an example.

Several other items of business were taken up during the morning. Mrs. Wm. Williams of Maplewood was elected new Vice President and Mrs. John Long of Arator was elected secretary. Mrs. Chas. Rages holds office as President for another year.

After a covered dish lunch many of the women attended the income tax educational meeting.

## Honors To Pettis County Dairymen

Three Pettis county dairymen have been honored this week by receiving National Honor Roll Certificates from the National Dairy Association because of the good production records from their dairy herds. The three dairymen so honored included Petty and Turner with a herd average of 434 lbs. of butterfat, C. B. Ficken with a herd average of 358 lbs., and R. L. McKean with a herd average of 355 lbs. of butterfat.

These are the records made by these men during the dairy herd improvement testing year from April 1, 1941, to March 31, 1942.

## Royal Sisters of Egypt

Attractive daughters of the Nile are Princesses Ferial, 4, and Fawzia, 3, children of King Farouk and Queen Farida of Egypt

left this week for Ft. Leavenworth following their induction a week ago.

Mr. and Mrs. Aubrey Huffman, Versailles, were Sunday dinner guests of Rev. and Mrs. E. F. Dillon. They also attended Sunday morning services at the Methodist church here. Mrs. Huffman is a niece of Mrs. Dillon.

Mrs. Nanny Schultz, who has been at the home of Miss Sadie Homan for some time is visiting her daughter, Mrs. Lee Lewis of Byberry.

Misses Mary Frances Hudson, Ruth Evelyn Williams, June Harris, Marian Demand and Mildred Dillon, students at Warrensburg State Teachers College visited home folks over the week-end.

Mrs. Lizzie Bohon, left Sunday for an extended visit with her niece, Mrs. Hazel McClain of Sedalia.

Mr. and Mrs. Clarence Pace and Miss Eva Pace, Jefferson City, spent the day Sunday with their parents, Mr. and Mrs. J. H. Pace, other dinner guests in the home were, Mr. and Mrs. Harry Pace and daughters and Mr. and Mrs. Harry Henderson and Miss Wanda Lee Pace. Miss Eva Pace who has had employment in Jefferson City for several years will remain here with her parents.

Miss Nettie Griffin entertained the following relatives and friends at her home Tuesday evening: Mesdames, Homer Homan, Sheldon Smith, Shelly Kahrs, Harry Taylor, Robert Griffin, Ben Mahnken, F. S. Monsees.

Othel Griffith, employed in Kansas City spent several days this week with his family here. Mr. and Mrs. J. S. Daniels and daughter Joan, were Friday evening dinner guests of Mr. and Mrs. Walter Voght, of Stover.

Mr. and Mrs. Harry Henderson were Sunday evening dinner guests of his mother, Mrs. S. G. Henderson of Ottumville.

Gene Hotsenpiller, son of Mr. and Mrs. Lloyd Hotsenpiller stuck a weed in his eye one day last

week while out looking at rabbit traps with his uncle Harry Taylor. The accident did not injure the sight but Gene was out of school almost a week due to the accident.

Mrs. Audrey Neumeyer accompanied her mother, Mrs. F. D. Muschanev to Kansas City Thursday. Mrs. Muschanev will take medical treatment there for several weeks.

Truman Smith who has had employment in Texas for several months has returned home.

Mrs. H. D. Monsees went to California, Mo., Wednesday to visit her daughter, Mrs. V. F. Carpenter.

Mr. and Mrs. George Kahrs, Versailles, formerly of Smithton went to Buffalo, New York, last week where they attended the funeral of their only child, a son, Richard Kahrs, age 38, who passed away following a short illness of infantile paralysis.

Joe Kahrs, Sedalia, formerly of Smithton and a brother of George Kahrs, fell in his home last week and broke his hip. Mr. Kahrs is 86 years old.

Mr. and Mrs. Robert Frazier, Boonville are parents of a four pound son born in a hospital there recently. Mrs. Frazier is a cousin of Mrs. J. L. Verts and was formerly employed in the E. E. Holtzen home.

Mr. and Mrs. C. R. Ellison, Mr. and Mrs. Dustin Morris and Mrs. Audrey Neumeyer were guests in the F. B. Muschanev home last Tuesday.

The Smithton school has received a large U. S. flag which was purchased from proceeds received from programs given by the music department of the school of which Miss Hazel Licklider is supervisor.

The junior play, with Miss Theda Mae Harris as coach has been selected and cast. The play, "Mother's Baby Boy" was chosen, and the following cast has been selected: Dorothy E. Riley, Gail Oehrke, Betty Ann Montgomery, Lilburn Lujin, Norma Demand, Nelle Mae Curtis, Dorothy Ulmer, Maudell Cook, Kenneth Hall, Ruth Helen Hudson and one to still be selected.

## Modern Menus

By Mrs. Gaynor Maddox  
NEA Service Staff Writer

One important factor in our wartime morale is food that tastes good. Food Administrator Wickard hopes American housewives will use available foods to produce enough of our familiar family favorites to keep up the morale of the family dinner table.

Cookies belong in the American home. By economizing on beef or cane sugar supplies in other dishes, you can swing a few festive cooking occasionally to brighten the home food picture. Count those cookies as an essential part of the day's food allowance however. They contain valuable nutrients.

## Dream Bars

One-third cup butter, 1½ tbs. sugar, 1½ cups graham cracker crumbs, ½ cup walnuts, chopped; ½ cup coconut, shredded; ½ tsp. flour, ½ tsp. baking powder, ¼ tsp. cinnamon, ¼ tsp. ground cloves, ½ cup sugar, 1 egg yolk, 1 egg white.

Mix butter, sugar and crumbs. Spread in the bottom of an 8-inch square pan, pressing down firmly. Mix flour, baking powder, spices and sugar together, reserving 1 tablespoon sugar for egg white. Mix walnuts and coconut. Add sugar mixture. Blend well. Add well-beaten egg yolk. Add remaining tablespoon sugar to egg white. Beat until stiff but not dry. Stir into the coconut mixture. Spread carefully over crumbs in pan and bake in a moderate oven, (350 degrees F.) for about 30 minutes or until nicely browned. Cool slightly, then cut into 4x1 inch bars.

## Date and Nut Squares

One-half cup sifted flour, ½ tsp. baking powder, ¼ tsp. salt, ½ tsp.

## Dainty Warrior

BOISE, Idaho — Square-jawed Master Sgt. George Yuhas of Gowen Field, a heavy bomber gunner, says it calms his nerves—

So he crochets.

He's finished a dresser scarf and is halfway through a bedspread.

"Rather pretty eh?"

nutmeg, ¼ tsp. cinnamon, 2 eggs, ¾ cup sugar, 1 cup chopped nuts, 1 cup sliced, pitted dates, 2 tbs. melted butter.

Mix and sift flour, baking powder, salt and spices. Beat eggs until light and frothy, add sugar gradually. Add nuts and dates and melted butter. Bake in a greased 8-inch square pan for about 30 minutes in a moderate oven (350 degrees F.). Cool slightly and cut into small squares.

Food Administrator Claude R. Wickard calls attention to the fact that there is no white flour in England today. Only wholegrain flours are used in order to get 100 per cent nutrition.

Wholeground corn meal is one of the most popular of the whole-grain cereals in the U. S. From "Cross Creek Cookery" by Marjorie Kinnan Rawlings, come these two mouth watering recipes. They will take your mind off the steaks and chops you can't get and also supply excellent nutrition. "Cross Creek Cookery" is the kind of cook book that makes patriotism very delicious.

**Hush-Puppies**  
(To eat with deep fried fish)

# GIVE YOUR GROCER A STANDING ORDER FOR BREAD

There's plenty bread. You don't need a ration card for bread. But bread is precious. We must not waste it.

Under the new Government program, to make sure there's no waste your grocer is trying to stock only the exact amount of bread that his customers will need each day.

Help your grocer to order his stock of bread correctly. If possible, place a standing order for bread. If you know in advance that you will need extra bread, let your grocer know the day before.

## THERE IS PLENTY OF TAYSTEE BREAD

And it's tender-fresh every day. To be sure of getting it . . . just let your grocer know ahead of time how many loaves you will need.

## Society and Clubs

Mrs. R. V. Elliott, 415 Dal-Whi-Mo court, was elected vice chairman of the Sedalia Officers' Wives club at a meeting held Wednesday afternoon at the Officers club at Hotel Bothwell. Mrs. John R. Caldwell, chairman, presided.

A committee to call on newly-arrived officers' wives is composed of Mrs. Sam Peoples, Mrs. Robert Bennett, Mrs. J. P. Dillon and Mrs. R. E. Lambert. The club membership is for wives of officers at the Sedalia Army Air Field who are residing here, and for wives of Sedalia officers in all branches of the service, on continental or foreign duty.

Members attending Wednesday expressed particular interest in Red Cross and also in serving with the local Girl Scout organization.

Mrs. Elliott, whose husband is a lieutenant in the Medical Corps, stationed at the Sedalia Army Air Field, is chairman of the club's Red Cross committee and explained the activities of the Pettis county Red Cross chapter. She stated that a first aid class would be formed if 15 members enrolled.

Mrs. William J. Foy, 1020 State Fair boulevard, is chairman of the club's Girl Scout committee.

Another activity of the Officers' Wives club will be to assist at the rationing board office. Mrs. Frank H. Kiesewetter is chairman of this committee and the following officers' wives have volunteered to serve: Mrs. Carlyle Morey, Mrs. Douglas McCabe, Mrs. J. P. Dillon, Mrs. A. E. Steer, Mrs. John W. King, and Mrs. F. B. Shannon. Mrs. Kiesewetter, who lives at 302½ South Grand avenue, will announce later the plans for participation in this war-time civic work.

It was decided to hold weekly meetings each Wednesday at 1:30 o'clock in the afternoon.

After the business meeting the 20 members of the club attending played bridge and rummy.

Mrs. E. F. Yancey will be in charge of the topic, "Music of Our Defenders" at a meeting of the Osage chapter of the

## 'Battle Of Sexes' Program

Members of the Olive Branch P. T. A. met Friday night for the regular business meeting at the school building. Due to the absence of the president L. B. Fall, Mrs. Roy Holman presided. The meeting was opened with the audience singing "The Star Spangled Banner" led by Misses Cora Brady and Edith Morgan.

During the business meeting various committee reports were given. The hot lunch cook, Mrs. Carver read the list of groceries which had been bought with donations from the children.

After the business meeting, the following program was presented:

"Dixie", audience; a quartet composed of Mary Ann and Robert Hansen, and Glenda and Don Lee Blaylock sang, "You Are My Sunshine" and "You'll Be Sorry"; "Old Folks at Home", school children; "Deep River", upper room students; solo, "Somebody Else Is Taking My Place", Evelyn Blaylock accompanied by Clay Blaylock; a "Battle of the Sexes" was the main feature. The women's team was composed of Mrs. J. R. Blaylock, Mrs. Lester Holdner, Mrs. L. F. Lee, Jr., and Mrs. Roy Holman—the men were: Ray Bushey, Russel Holman, Henry Holman, Henry Hansen, and Buster Hyatt. Four rounds of questions were asked by Miss Brady, and the women won by a few points. The program was closed with the audience singing "Auld Lang Syne". Refreshments were served during the social hour.

## How To Slice Bread At Home

How do you slice bread at home?

This is the latest wartime problem to concern a majority of America's 30,000,000 housewives. Because, beginning last Monday morning their favorite bread at their grocer's was no longer ready sliced by the baker.

So, in homes all over the country bread knives and bread boards will again come into daily use, many for the first time in years.

To brides of as many as 10 to 15 years ago, slicing bread in the home will be a brand new experience.

Even bakers are intrigued by the possibilities in helping the housewife with her new problem. Baking a loaf of bread that will slice easily in the home now becomes a definite advantage.

One thing that pleases many bakers is the prospect that thousands of their customers will now see a whole loaf of bread rather than a few slices all at one time. Many bakers have taken pride for years in their ability to bake a loaf of bread with a beautiful, evenly baked, golden crust, although they somewhat sadly have realized that few housewives ever could appreciate this quality because they removed the bread from the wrapper only a few slices at a time.

Bakers estimate that more than 90 per cent of you who have bought their sliced bread haven't seen a whole loaf of their bread for many years.

These same bakers are busy now giving housewives helpful advice on how to slice bread at home. One local baker has even made available at grocery stores pamphlets which picture both the right and wrong way to slice bread.

The right way, according to this baker's experts, is to follow the directions below:

First, you use a sharp knife. This is important for straight slices to fit a toaster. The housewife may test the knife for sharpness by cutting a loosely-held slip of paper. Bread knives are preferred. A sharp butcher

## Meeting Called Off

The meeting of the War Mothers, to have been held at the Nursery, on North Lamine avenue, tonight, has been called off.

Take your change in War Stamps

HE'S SPEEDING UP THE MARCH OF DIMES: Office boy Abe Solomon, of the National Foundation for Infantile Paralysis in New York, has had his work doubled for him these days with the huge demand for greeting cards for President Roosevelt's birthday, Saturday, January 30. With the present manpower problem, something had to be done and Abe's ingenuity finally came to the rescue. Now he uses roller skates to keep up with the increase. "I want to help these people all I can," says Abe, "and the quicker the cards go out, the more time people will have to send their contributions to the White House." Abe will have to hang up his skates in a few days, as he'll be off to join the army.

## Cleveland Baby Gets Milk Ration

America's babies may all be getting their evaporated milk this way if ration system adopted in Cleveland spreads around the nation. Here 11-month-old Dale Walters gives his canned milk ration card to grocer as his mother buys her weekly allotment of eight cans.

knife will do, but it must be very sharp.

Second, you place the loaf on its side with the bottom crust of the loaf—not the top of the loaf—on the side farthest away from you. You start your knife at the edge of the bottom crust. This is important because here you have a sharp and compact corner to start on. You should never slice starting to cut the top of the loaf. That's because the top is more springy and the crust is not so solid for slicing. Pressure on top squeezes the loaf.

Third, you cut with a sawing motion—lightly, without exerting pressure. This way you get smooth, even slices.

That's the end of the directions. Now, go to your grocer and get a loaf of this new unsliced bread. Take it home and enjoy it. It will still be as tasty.

## Club Plans For Next Year's Work

The Bois-d-Arc club held a regular meeting at the community house January 13, at which time plans were made for the year's work. As the club won the award of achievement in 1942, the program for the present year was prepared with the requirements for the 1943 award of achievement in mind.

The following were chosen to attend leader meetings: Health, Mrs. Boyd Young; household equipment, Miss Alice Alexander; wartime meals, Mrs. Earl Johnson and Miss Elizabeth Scott; and clothing, Mrs. Verdel Jennings and Mrs. Harold Withers.

Two new members' names were added to the roll—Mrs. Walter Roberts and Mrs. Verdel Jennings.

The next club meeting will be held the second Wednesday in February at the community house.

## Eight Injured In Hotel Fire

PEORIA, Ill., Jan. 21.—(P)—Fire attacked the five-story Pascall hotel in the heart of Peoria's business district this morning, injuring at least eight persons.

The fire raged out of control two hours after it was discovered and fire officials said it would be several hours before they could determine whether any of the 85 guests in the hotel had been trapped in the 150-room structure.

Scores of roomers escaped from the burning building by leaping into firemen's nets while others fled on outside fire escapes. Eight persons were taken to St. Francis hospital, suffering from burns, effects of smoke and sprains.

B. G. Callahan, owner of the hotel, estimated damage at \$300,000.

## New under-arm Cream Deodorant safely Stops Perspiration

1. Does not rot dresses or men's shirts. Does not irritate skin.
2. No waiting to dry. Can be used right after shaving.
3. Instantly stops perspiration for 1 to 3 days. Prevents odor.
4. A pure, white, greaseless, stainless vanishing cream.
5. Awarded Approval Seal of American Institute of Laundering for being harmless to fabric.

Arrid is the largest selling deodorant

## Club Discusses Mental Health

The Champion Striped college Extension club met Friday at the home of Mrs. Ernest Biggs, Route 2. Mrs. Glen Cox was assistant hostess.

After dinner, twenty members and one guest (Mrs. Sara Lam-bert) responded to roll call. The devotional service was led by Mrs. Charles Leiter, after which the new year club books were distributed and projects and hostesses for the remaining year were selected. The "Standard of Achievement" for 1943 was received and shown to the club. After a discussion on "Mental Health" was given by Mrs. George Dabner, entertainment for the afternoon was directed by the program chairman, Mrs. John Thistle-thwaite and Mrs. C. Michaelis, with group singing and readings. Secret pals' gifts were exchanged. The next meeting will be with Mrs. Fred Boechers.

## Estelle Connor Is Now In Africa

Miss Estelle Connor formerly of Green Ridge who entered the service in July, is now with the Army Nurses Corps in Northwest Africa, according to word received here Monday by her sister, Mrs. C. W. Callin of 301 West Atchison street, Jefferson City. Prior to entering the service, Miss Connor was secretary to Dr. Bedford, Jefferson City, for a number of years. She is the daughter of Mrs. Pat Connor of Sedalia, who is spending the winter in Jefferson City.

**WORRY, WORRY, WORRY then HEADACHE!**  
It's bad enough to worry, without suffering from headache, too. Take Capudine to relieve the pain and soothe nerves upset by the pain. Capudine is liquid—no waiting for it to dissolve, before or after taking. Use only as directed. 10c, 30c, 60c.

**CAPUDINE**

## 4-H Club Meeting At Clay Thomas Home

Mr. and Mrs. Clay Thomas entertained the Buncumbe Busy Bee 4-H club Friday evening, January 8, at their home. Thirteen members, one leader, and one visitor were present.

Following a brief business meeting, presided over by Harold Hansen, the evening was spent in playing indoor games and singing.

Refreshments of doughnuts and apples were served.

The next meeting is to be held at the home of Mr. and Mrs. Roy Holman.

## Quintuplets Use Musterole For Chest Colds!

To Relieve Their Coughing and Make Breathing Easier

Whenever the Dionne Quintuplets catch cold—their chests, throats and backs are immediately rubbed with Musterole—a product made especially to promptly relieve coughing and tight sore aching chest muscles due to colds—it actually helps break up local congestion in the upper bronchial tract, nose and throat. Musterole gives such wonderful results because it's what so many Doctors and Nurses call a modern counter-irritant. Since it's used on the famous "Quintuplets" you can be sure it's just about the BEST cold relief you can buy!

**IN 3 STRENGTHS:** Children's Mild Musterole for children and people with tender skin. Regular for ordinary cases and Extra Strength for stubborn cases.

BY MRS. GAYNOR MADDOX  
NEA Service Staff Writer

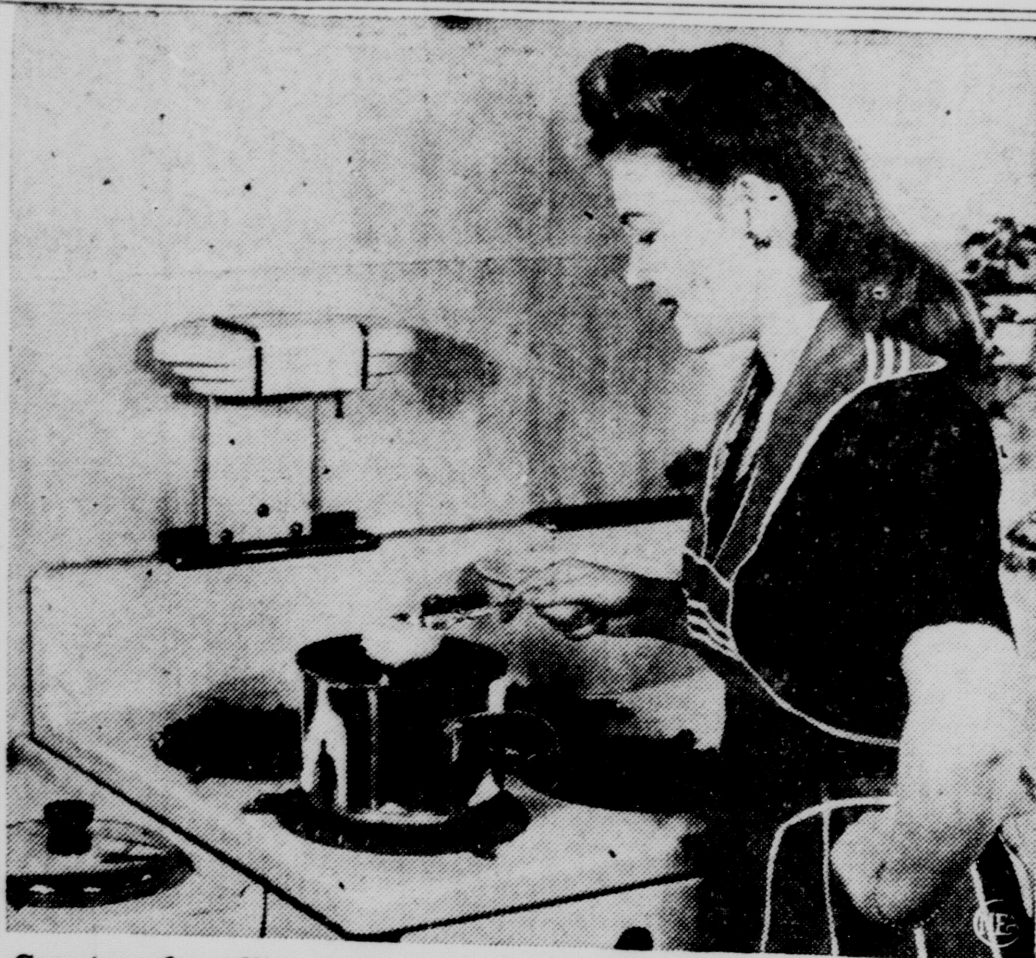

More and more stores are carrying fish throughout the week. It is so important as an alternate for meat, which is restricted for war needs, that it deserves to be more than a once-a-week food.

Remember that fish is rich in proteins and minerals. But for safety's sake, include vitamin-rich foods in the menu when fish is used in place of meat, in order to supply the complete proteins.

**Pollock Steak Meal**  
(serves 4 to 6)

Two tbs. butter or margarine, 4 to 5 medium potatoes, diced, 1 large onion, chopped, 1/2 green pepper, minced, 1 tsp. salt, 1/4 tsp. pepper, 1 No. 2 can (2 1/4 cups) tomatoes, 1 1/2 lbs. pollock steaks, 1 tsp. celery salt.

Melt butter or margarine in deep skillet; add potatoes and cook until delicately brown on all sides. Add onion, minced pepper, seasonings and tomatoes; heat to boiling point. Place pol-

Count on dumplings to improve any stew, and to make it go farther.

lock steaks on top of vegetables, cover and cook over low heat 10

**No Thanks**

DENVER, Colo.—Sale of horse meat for human consumption would be made illegal under a bill introduced by State Senator Curtis P. Ritchie of Pueblo.

His battle cry: "Out here we don't eat 'em, we ride 'em!"

to 20 minutes, or until fish is tender. Remove to hot platter and serve at once.

**Broiled Blue Pike With Lemon Butter**  
(serves 4)

Four blue pike, split (2 lbs.), salt, pepper, butter, 1 tsp. lemon juice, 2 tbs. finely chopped parsley, 1/2 tsp. paprika.

Sprinkle fish on both sides with salt and pepper. Place on well-greased broiler rack, flesh side up, dot with butter. Broil under a low flame about 10 minutes or until brown. Remove fish to platter. Melt 2 tbs. butter, add lemon juice, parsley and paprika; heat and pour over fish. Allow 1/2 lb. or more fish per serving.

**Tomorrow's Menu**

BREAKFAST: Stewed prunes, creamed codfish on toast, enriched rolls, coffee or milk.

LUNCHEON: Spaghetti with cheese, green salad, wholewheat bread, butter, stewed fruit, tea or milk.

DINNER: Cranberry juice broiled blue pike with lemon butter, parsley boiled potatoes, stewed tomatoes with onions, squash pie, milk.

**Victory Special Is**

**Boston Beans, Bread**

By MRS. GAYNOR MADDOX

NEA Service Staff Writer

From January 18 to 23, dry edible beans will be the Victory Food Special. We have a record supply on hand from 1942 so there will be an ample amount for all current requirements. Beans being an excellent protein food, though not a complete protein food, they will help conserve other protein foods of which there is a shortage.

Here is a special recipe for Boston baked beans, worked out to cut down the cooking time. The brown bread recipe will be welcome, too, in households where Boston baked beans also means brown bread.

**Boston Baked Beans**  
(Serves 12)

Four cups navy beans, 1/2 pound salt pork, 1 cup New Orleans type molasses, 1 tsp. dry mustard, 1 tbs. salt, 1/4 tsp. pepper, 3 cups boiling stock water (from simmering beans).

Wash beans; pick over; soak 3 hours in boiling water to cover. Cover, bring to boil in same water (to preserve minerals and vitamins), adding extra water if needed to cover well; skim; cook slowly until tender — about 50 minutes. Drain, reserving cooking water. Turn beans into bean pot or 3-quart casserole.

Scrape pork rind until white, score top by cutting down about 1 inch, and bury in beans with rind exposed. Mix remaining ingredients and pour over beans. Cover; bake in slow oven (325 degrees F.) 3 1/2 hours or until well browned, uncovering during last hour. Add more water if necessary during baking.

**Boston Brown Bread**

One cup bread flour, 2 tps. soda, 1 tsp. salt, 1 cup cornmeal, 1 cup wholewheat flour, 3/4 cup New Orleans type molasses, 2 cups sour milk or buttermilk, 1 cup nuts or raisins, if desired.

Sift flour, soda and salt. Mix with cornmeal and wholewheat flour. Mix molasses with sour milk; add dry ingredients. Beat well. Add raisins or nuts. Steam 2 hours in greased molds filled 3/4 full and tightly covered.

**Tomorrow's Menu**

Breakfast: Orange juice, cracked wheat cereal, golden muffins, coffee or milk.

Luncheon: Creamed codfish on toast, spinach, enriched hard rolls, grapefruit, tea or milk.

Dinner: Boston baked beans, Boston brown bread, cole slaw, fresh fruit cup, lemon sponge cake, tea or milk.

Democrat-Capital Class ads get results, 10 words, 1 week, 80c.

One of the most thoughtful gifts for the wartime bride is a cedar chest for storing household and other linens she will be gathering for the new home she will have now or when the war is over. The wise bride will have washable items, such as bed and table linen and towels lightly launder-

ed before storing and will wrap white articles in blue paper to keep them from turning yellow. Many woolens are already treated with moth-resistant preparations before purchasing, but if hers are not, she may have them done at a reliable shop. Periodic airing and careful airtight wrapping are further timely precautions against inroads by these pests.

**Not Monday, Please!**

SALT LAKE CITY—Mrs. Helen Swasey hopes it won't happen every week.

Her washing machine was stolen on Sunday, returned on Tuesday.

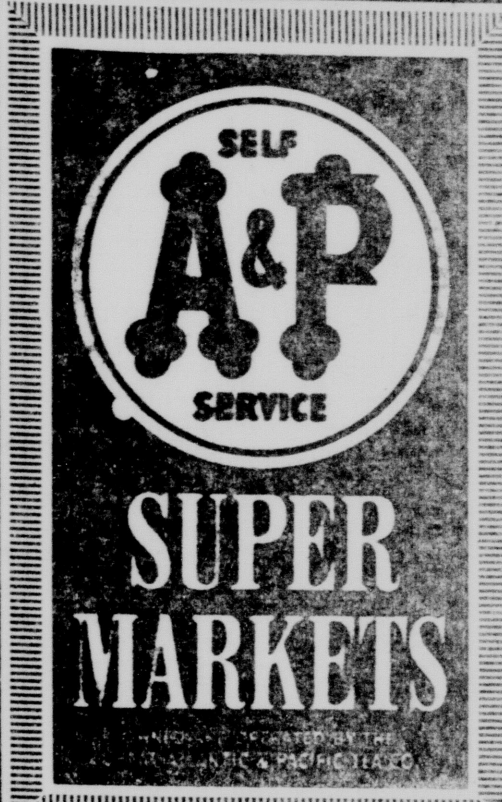

Democrat-Capital Class ads get results, 10 words, 1 week, 80c. Phone 1000.

**Tomorrow's Menu**

BREAKFAST: Sliced oranges oatmeal, enriched toast, jam, coffee or milk.

LUNCHEON: Spoonbread, sweet and sour bacon gravy, grapefruit tea or milk.

DINNER: Tomato juice, deep fried fish, hush puppies, beef greens with vinegar, butterscotch pie, tea or milk.

## Club Now Chicken Farm

ROCKLEIGH, N. J., Jan. 21.—(P)—The Pegasus club, once the scene of fashionable polo matches and the training camp of New York's professional football Yankees, has become a poultry farm for the duration. On the spot where the athletes once performed, 20,000 chickens now contribute to the nation's wartime food program.

## Big Leagues To Open Season On April 21

Big Reduction  
In Travel Is To  
Be Arranged

By JUDSON BAILEY  
NEW YORK, Jan. 21.—(P)—Meeting to adjust the major league baseball schedules to fit the new opening and closing dates set recently, Ford Frick, president of the National League, and William Harridge, president of the American League, agreed on Tuesday, July 13, for the all-star spectacle at Philadelphia.

This was a week later than the date previously set for the 11th annual game—to be played at Shibe Park under the sponsorship of the Philadelphia Athletics of the American League.

The rescheduling of the All-Star was perhaps the easiest task that came before Harridge and Frick, who were called upon to improvise new features into this year's program in order to save transportation.

They were unable to complete all the details at today's session, but they estimated that major league transportation this year, including the revised spring training, would be reduced five million miles.

As agreed upon today the two leagues will open their schedules Wednesday, April 21, and close Sunday, October 3.

The Washington Senators, however, will be hosts to the Philadelphia Athletics at Griffith stadium on Tuesday, April 20, following the usual pattern of having a special opening game at the nation's capital every second year, when the Senators ordinarily would start on the road.

Opening games April 21 will be:  
**American League**  
Washington at New York  
Boston at Philadelphia  
Chicago at St. Louis  
Detroit at Cleveland  
**National League**  
New York at Brooklyn  
Philadelphia at Boston  
St. Louis at Cincinnati  
Pittsburgh at Chicago  
The teams that start away from home will have their "second openers" on Tuesday, April 27, in the National League and either Monday or Tuesday in the American League. Pairings for these games will be:

**American League**  
New York at Boston  
Philadelphia at Washington  
Cleveland at Chicago  
St. Louis at Detroit  
**National League**  
Boston at New York  
Brooklyn at Philadelphia  
Cincinnati at Pittsburgh  
Chicago at St. Louis  
No team will make more than three trips into any other city in the league and under this plan the leagues will have intersectional games on Memorial Day and Independence Day for the first time in history and will finish with an intersectional series in October for the first time in more than 20 years.

Investigation of automobile wreckage at railroad crossings show a surprising number of cases in which the driver had all his windows closed and so could not hear the train whistle.

## Pulling For Old ODT

"This is the Washington crew, sir. Which way to Poughkeepsie?"

## Sports Roundup

By HUGHFULLERTON, JR.  
NEW YORK, Jan. 21.—(P)—One reason major league baseball clubs are willing to turn loose such old timers as Paul Waner and Johnny Cooney is that they're expecting to have plenty of ball players hanging around after various minor leagues fold up. . . . An official who naturally doesn't want to be quoted says a lot of these circuits still are hanging on only because their presidents want to keep collecting salary checks. . . . Doc Parrshall, the harness boss trainer, has applied for a post as an army veterinarian. If he gets it, you'll probably see cavalry horses trotting a mile in 2:01. . . . Bunny Davis will be celebrating his birthday when he fights Carmen Notch at Pittsburgh February 26.

**Putting On The Bite**  
Al Kaul, Michigan State college boxing coach, must have wondered whether his charges were taking tips from wrestlers or applying the "get tough" idea too thoroughly when middleweight Charlie Calkins reported he had suffered a severe bite on his arm in a training bout. . . . When Charlie's opponent rushed in, his mouth wide open, Salkins swung for the jaw, missed and his arm was caught between the other fellow's teeth.

**One-Minute Sports Page**  
There'll be a "natural" for that Red Cross basketball game in Madison Square Garden in March if Ned Irish can match the N. C. A. A. champion against the winner of New York's own invitation tournament. . . . Jimmy Smith, who had that famous kitchen championship scrap with son-in-law Billy Conn, once got into the same kind of fuss with his old pal Harry Greb—and never would say what caused it. . . . Outfielder Hal Peck, who accidentally shot off a couple of toes last fall before Milwaukee sold him to the Dodgers, has been summoned by his draft board for examination. Hal figures he'll be able to navigate around a ball field since he kept pace with his wife on a Christmas shopping tour.

**Today's Guest Star**  
Billy Kelly, Buffalo Courier-Express: "In trafficking between the new park and the hotel, a distance of some two miles, the Giants will use horse-drawn buggies. The entire picture will be reminiscent of 1896. Cars will be barred from the camp and players will be encouraged to sprout handle-bar mustaches. Joe Eastman, head of ODT, has been invited to throw out the first hoss on March 15th." (Ed's Note: We thought Judge Landis threw out the hosses some time ago.)

**Service Dept.**  
Roy Morwood, a former Centenary end now at the Salt Lake Army Air Base, recalls that he went to high school with a skinny kid who tried hard to make the football team without much luck. The kid's name was Don Hutson—who means bad luck for the Packers' opponents now. . . . Lieut. Col. Felix Hardison, skipper of the Suzy-Q, the plane that is said to have engaged in more raids and fights than any other ship ever lived through, used to box on the U. of Idaho team and Manuel Ortega, a ground crew man who has been overhauling the plane at El Paso, took time out to swing in the Golden Gloves tournament there. . . . Lieut. Cmdr. Mal Stevens, former Yale and NYU football coach, has been assigned to the medical staff of the Sampson, N. Y., Naval Training Station. As a college coach, Mal managed to teach at medical schools in New York and New Haven and practice in both cities, so the boys hereabouts are betting he'll find time to show the Sailors something about football next fall.

## Decide To Have Races As Usual

By SID FEDER  
NEW YORK, Jan. 21.—(P)—The two-buck bettors may have to walk for the privilege of feeding the "iron men," and things generally are going to be tough, but the nation's race tracks have about decided to put on a reasonable facsimile of "business as usual" this spring and summer.

They've looked the whole thing over and made up their minds on the simple theory that transportation and one thing and another can't get any tougher.

Naturally, something new will be added here and there, like changes in state legislation and shifting of some meetings to different tracks to make the whole layout fit into the war scheme of things. There's a possibility, too, a couple of the plants won't open their doors. But, generally speaking, the major horse havens will be available to anyone with the price of admission—and a way of getting to the track.

From reports reaching the Thoroughbred Racing Association, Inc.—the clearing-house for the country's horse parks—as well as announcements by the tracks themselves, it appears the only outfits on the "big apple" about which there are still some doubts the Saratoga, Delaware Park and the neat Garden State set-up in New Jersey. And there's even some hope for these three, although Delaware has said it didn't see how it could get to the post unless the ban on automobile transportation is lifted, or, anyway, eased up a bit. Saratoga's proxy, George Bull, insists he's going ahead with plans to run at the SPA in August.

If the nation's 27 million motorists cut their 1943 driving to the figure recommended—5000 miles—they will save more than 17 million tires, it is estimated.

It has been estimated that 82 per cent of Americans normally get to their jobs in automobiles.

Democrat-Capital Class ads get results, 10 words, 1 week, 80c. Phone 1000.

**25-Year Intermission**  
KANSAS CITY—Henry Meade has been a lawyer 32 years—he'll plead his first case since 1917, next week.

Retiring recently as probate judge, he's re-entering private practice.

Before his 18 years as judge, he was county auditor.

## Gasoline And Oil Up In Flames

HANCOCK, Md., Jan. 21.—(P)—Thousands of gallons of precious fuel oil and gasoline bound for the eastern seaboard went up in flames Wednesday when nine western Maryland railroad tank cars wrecked and burned about a mile west of Hancock.

Railroad officials estimated the fuel oil loss at 48,000 gallons, or six cars, and the gasoline at 24,000 gallons, or three cars. No one was injured.

The official explanation for the wreck, touching off a fierce fire which blazed for many hours, was that the trucks of the 34th car of a 121-car train failed as it was passing through a switch. In all, 11 cars were derailed.

In spite of the freezing orders of January 1942, a vast majority of automobile dealers here were able to keep their doors open.

# Ration Coupon Banking To Go Into Effect January 27

"Ration coupon banking," a new type of banking service for retailers and wholesalers of rationed commodities, designed to make the nation's ration program work more effectively, will be inaugurated in Sedalia local banks on January 27, it is announced.

This is a war service that the government has asked the banks to undertake under which wholesalers and the larger retailers will be required by the Office of Price Administration to open "ration bank accounts" in the banks with which they customarily do business. Into these "ration accounts" the wholesalers and retailers will deposit the ration coupons received from their customers against which they will draw special "ration checks" when ordering new supplies. It is expected that only the retailers whose food sales in December, 1942 exceeded \$5,000 will be directed by the Office of Price Administration to open "ration accounts." No charges of any kind will be made by the banks for this service.

Consumers such as housewives, motorists, and other individuals who purchase rationed commodities for consumption will not be affected by the new "ration coupon banking" system. They will continue to obtain their ration coupons from local ration boards and they will continue to "spend" their coupons at the stores just as they

have been doing in the past. Only certain dealers selling rationed commodities will have to open "ration bank accounts."

The banks will have nothing to do with the fixing of ration allotments or allowances, or with the issuing of ration coupons. The local ration boards will continue to perform these functions.

## Check Accounts Unaffected

The new "ration banking" system will not affect the regular money or check accounts of the public at all. The public will continue to use their bank accounts in the customary way.

The "ration bank accounts" will be new accounts for the handling of ration coupons only and will be entirely separate from all other accounts in the banks. By depositing coupons in their "ration bank accounts" retailers and wholesalers will build up credits or balance of pounds, gallons, or points in the various rationed commodities. Against these balances they will draw special "ration checks" payable to their suppliers when they order new stocks or supplies to sell to the public.

These "ration checks" will have nothing to do with the payment for the commodities ordered. Retailers and wholesalers will continue to pay their bills in the usual way.

"Ration coupon banking" is a new plan for handling a lot of the work now done by the 5,600 local ration boards. Collecting, counting, recording, controlling, and safeguarding of ration coupons and exchanging them for certificates by means of which dealers order new supplies of commodities for sale to the public has threatened to overburden the ration boards and possibly jeopardize the flow of commodities to the public as additional commodities are rationed. The government has therefore asked the banks to undertake

## FALSE TEETH

That Loosen Need Not Embarrass

Many wearers of false teeth have suffered real embarrassment because their plate dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little FASTEETH, the alkaline (non-acid) powder, on your plates. Holds false teeth more firmly so they feel more comfortable. Does not sour. Checks "plate odor" (denture breath). Get FASTEETH as any drug store.—Adv.

## Peaceful Palms on Guadalcanal

There's no hint of war in this beach scene on Guadalcanal, peaceful as a movie travelog's finish, but behind the silvery palms is a Marine observation post where sharp watch is kept for enemy movements.

these accounting activities in order to assure the smooth running and success of the ration program. Rationing is designed to secure a fair share of scarce commodities for everybody. "Ration coupon banking" is designed to help bring that about. In undertaking to operate this new "ration coupon banking" system the banks will perform a nonprofit war service for the government. In doing this, the banks are simply adding another service to the numerous war jobs they are already performing.

## Kill 1,032 Japs In The Jungles

WASHINGTON, Jan. 21.—(AP)—American troops, relentlessly pressing a campaign to eliminate enemy forces on Guadalcanal, killed 1,032 Japanese in five days of jungle warfare, the navy reported Wednesday.

In patrol skirmishes and in comparatively large scale engagements, they advanced on the Japanese and wiped out group after group in the five days ending January 17.

Many of the engagements were within a short distance of Henderson air field, base for American planes which have been bombing enemy positions on other islands and attacking shipping in the Solomons area.

One was an encounter in which American troops moved steadily forward, advancing between 3,000 and 4,000 yards to throw back the Japanese despite "stiff enemy resistance" last Friday.

Again on the next day the ground forces forged ahead, with the enemy offering determined resistance from trenches and ambushes in the jungles.

Other skirmishes took American troops into action against pockets of enemy resistance—small groups of Japanese holding positions from which they could harass American movements. In one day of such actions the navy reported that on Saturday 150 Japanese were killed, a number taken prisoner and a quantity of equipment captured.

## Representative Of OEM In City

A representative of the Office For Emergency Management is in Sedalia today, and will be here all day Friday, in the basement of the YMCA building, Fifth street and Lamine avenue, for the purpose of considering appeals and adjustments of motor vehicle operators who have received Certificates of War Necessity from the Office of Defense Transportation.

Those who have complaints on gasoline rationing on trucks and buses are asked to see the representative. They must bring with them their certificates of war necessities and any records they may have showing the amount of gasoline used since they received their certificates or the miles they have made.

Their representative will not consider appeals by those operating farm trucks, as those appeals should be handled with the local committee of the County Farm Transportation Committee.

## Charge Violation Of Ration Order

NEW YORK, Jan. 21.—(AP)—Federal District Judge Samuel Mandelbaum Wednesday signed a temporary restraining order against the Sinclair Refining company on an Office of Price Administration complaint that charged the company with violation of the anti-discrimination amendment to ration order 11.

The restraining order was accompanied by an order, returnable Friday for argument, requiring the company to show cause why a permanent injunction should not be issued.

Signed by Mitchell Jelline, assistant chief enforcement attorney in the office of Russell H. Potter, acting district manager of the New York OPA office, the OPA complaint accused the company of following a policy of discrimination among dealers and suppliers entitled to acquire fuel oil under the terms of the ration order.

The complaint alleged that the Sinclair Refining company, a primary distributor "by its agents, servants or employees," adopted a policy of discrimination from January 9 "to the date of this complaint."

Sylvan L. Joseph, regional OPA administrator, said the OPA was determined to enforce the anti-discrimination provisions of the ration order as applied to the sources of oil.

Such discrimination, he declared, made it impossible for dealers and suppliers to provide oil to meet the demand of many householders and apartment houses.

## Checks On Special Election Are Ready

Checks for judges and clerks at the special election held January 12 are now ready at the office of the county clerk, James Green.

The "jeep" is officially "quarantined, 4-by-4 truck" and was intended to replace motorcycle-sidecar vehicles and to bridge the gap between heavy advance units and infantry.

## With the Boys In . . .

### The Service

Cpl. Earl Borns of Florence, (left) who is stationed at Fort Lewis, Wash., and was recently home on a furlough.

Pvt. Eugene Keele, former Sedalian, (right) who is in the United States Army and has been stationed in Hawaii for the past two years.

Pvt. Elroy Groupe and Private Ray Homan of Florence, who are stationed at Camp Adair, Ore.

Pfc. Elisha Belsha, formerly of Houstonia, now stationed in Hawaii. Mrs. Belsha is at 1113 East Fifth street, this city, during her husband's absence, and is shown in the picture with him.

Pfc. Lloyd L. Rugen, (left) son of Mr. and Mrs. A. F. Rugen, Pilot Grove, who has been stationed in North Ireland for the past eight months has been transferred to Northern Africa.

Pvt. John W. Kennedy, (right) son of Mrs. E. M. Kennedy, 1902 South Missouri, was inducted in the army November 11, 1942.

Ellwyn L. Laxon, (left) 19 years old, son of Mr. and Mrs. Earl T. Laxon of Marshall, has enlisted as a naval aviation cadet in the United States Naval Reserve and was sworn in at the Kansas City Naval Aviation Cadet Selection board on October 28, 1942. He was graduated from the Marshall high school in 1941 and is now attending the University of Missouri, until he is called into service. Laxon is a nephew of Mrs. Ernest Foster and often visits relatives and friends at Hughesville. Private Roy E. Maples, (right) son of Mrs. Lillie Maples, Beaman, stationed at Camp Adair, Ore. He was inducted into the service November 2.

Corporal Walter T. Kattes, formerly of LaMonte, who is stationed at Boise, Idaho, has returned there after a furlough spent visiting with friends, Misses Annabell and Daisy Reams, and Mr. and Mrs. Paul Klein and Lawrence Klein and family of LaMonte. Corporal Kattes, accompanied by Paul Klein motored to Cape Girardeau the first of the week to visit his sister and family.

Logan Coffman, pharmacist 3rd class, who is stationed at the Great Lakes Naval Training School was an overnight guest in the B. F. Mahnken home in Smithton Wednesday night. Mr. Coffman was a member of the Smithton high school faculty the year, 1941-42.

Pvt. Earl F. Dillon, son of Rev. and Mrs. E. F. Dillon of Smithton, who has been stationed at Camp Barkley, Texas, has been transferred to Ft. Lewis, Wash. He was one of four to be appointed a guard for his company on the trip from Texas to Ft. Lewis.

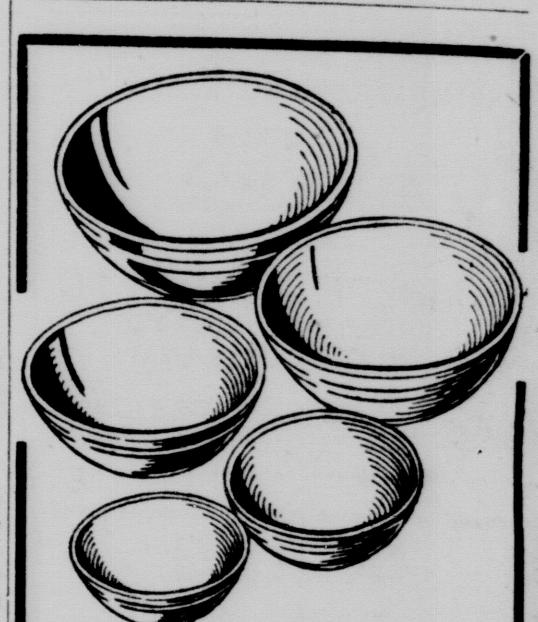

Pfc. Herbert Bodenhammer, son of Mr. and Mrs. F. L. Bodenhammer, Smithton, arrived Saturday evening for a visit with his parents and other relatives. Herbert has been in service on the Atlantic for the past year. This is his first furlough since his enlistment in the navy in January 1942. He will report at Norfolk, Va., on January 27th to attend a service school. Herbert has served in the navy for five years.

## REPORT CARD TO THE UNITED NATIONS

GOOD	FAILING
<p>EUROPE AND AFRICA</p> <p>SOVIET RUSSIA</p> <p>SOUTH PACIFIC</p>	<p>ATLANTIC</p>

It's report card time in the U. S., and a checkup reveals Johnny Doughboy, Tommy Atkins and the rest of the United Nations fighting men are doing fine on all but one front. In Africa and Europe Flying Fortresses and other allied planes are bombing the axis in Tunisia, Libya, Germany, Italy and occupied areas while our troops make gains on desert fronts. In Russia, Soviet snow soldiers and other Red Army troops are pushing the Germans back from Leningrad to the Caucasus. In the South Pacific the Japs are being driven back in New Guinea and the Solomons while our bombers blast their bases here and in China and Burma. But in the Atlantic, United Nations ships continue to go down while British and American forces seek an answer to the U-boat problem.
